

EXTREMELY VIOLENT BATTLE CONTINUES IN WESTERN AREA

ACTION APPEARS TO BE EXTENDING MORE AND MORE NORTHWARD

First Attempt of Germans to Pierce Outer Forts at Antwerp Appears to Have Failed—Berlin Claims Siege Is Making Progress—Battle Begins Near Cracow—England Decides to Lay Mines in North Sea.

The great battle of the Aisne, which has been in progress for three weeks, has not been decided. The fiercest fighting is taking place in the western area, where an extremely violent battle continues, especially in the Roye district, in which the Germans have concentrated considerable forces. The action appears to be extending more northward.

On the left wing of the allies, one of the French detachments which came out of Arras, department of Pas-de-Calais, has fallen back a little toward the east and north of that city, according to a French official announcement.

The allies have made progress in front of Albert, north of the Somme, according to the latest official announcement in Paris. Between Roye and Lassigny violent attacks have been directed by the Germans against the allied line, but these attacks, says the French war office, have broken against the French and British resistance.

It is officially announced in Paris that no enemy remains on the left bank of the Meuse, in the neighborhood of St. Mihiel, twenty miles southeast of Verdun.

The first attempts of the Germans to pierce the outer line of forts at Antwerp appear to have failed. None of the Belgian forts have been severely damaged, it is stated in a French official report, and the German infantry attacks have been repulsed with heavy losses to the invading forces. An official statement issued in Berlin says the siege of Antwerp is making progress.

In the eastern theater of war, a battle which promises to be the greatest and most important of that campaign has commenced near Cracow, Galicia. There an Austro-German army, estimated to number 800,000 men, is endeavoring to check the Russian advance. Both sides are bringing up reinforcements.

According to Russian official statements, the German plan of invasion of Russia from East Prussia has failed.

A battle is now being fought at Mariampol, near the northeastern Prussian frontier. The Russians claim that further south, in the Suwalki district, they have turned a German retreat into a disorderly flight. In the heavy fighting which is taking place at Augustow, Suwalki, the Germans have received reinforcements and are taking the offensive.

A dispatch from Petrograd declares that the Germans have lost 30,000 men in killed and wounded and 20,000 men taken prisoners in the fighting in Russian Poland.

A message received in Rome from Russian headquarters says that Przemysl, Galicia, the strongly fortified Austrian town, has been attacked by Russians on all sides. Two of the forts, it is stated, already have been taken.

Papeete, principal town and port of the French island of Tahiti, the most important member of the Society group in the Pacific, was bombarded and half destroyed on Sept. 22 by the German cruisers Scharnhorst and Gneisenau.

The official information bureau in London has announced that the British government has decided to lay mines in certain areas in the North Sea as a counter stroke to the German procedure.

Has Been in Progress Three Weeks. London, Oct. 2.—The battle of the Aisne, as it is still called, although the armies contending in it have spread far beyond that river, now has been in progress just three weeks and no decision has been reached.

Reports from Paris earlier in the week that the allies' operations were about to succeed were premature. From all appearances there must be more hard fighting before either side gives way.

The heaviest blows are being given and taken in the western area, where, according to today's French official communication, an extremely violent battle continues, especially in the Roye district, where the Germans have concentrated considerable forces. The communication added that the action was extending more and more northward and that the fighting front now extended to the district south of Arras.

This apparently was a modest account of the northward advance of the French, for private telegrams received in London tonight announced that the French actually had reached Arras. Stubborn resistance is being offered by the Germans in the vicinity of Roye, where earlier in the

week they succeeded in occupying the heights, which, however, they later were compelled to abandon. Along the front from the Oise to the Meuse rivers, according to the French report, only partial operations have been attempted by either side. Frontal attacks by the allies, as a matter of fact, have been discontinued, while the flanks are fighting for ascendancy.

Attempt to Cross Meuse. On the right the Germans have made another attempt to cross the Meuse at St. Mihiel, where they got across last week. The German attempt to regain this ground, which they had abandoned when threatened on their flank by troops from Toul, was made yesterday when they tried to throw a bridge across the river. The position, however, according to the French report, was destroyed during the night.

The Germans, who are supposed to have had the assistance of heavy Austrian guns, apparently have failed in their first attempt to pierce the outer line of fortifications at Antwerp. Official reports and statements by correspondents say that none of the Belgian forts has been severely damaged and that the German infantry attacks were repulsed with heavy losses to the attackers.

The opinion prevails here that the Germans do not intend at present to make a serious attempt to besiege Antwerp and that the attack they have made is for the purpose of keeping the Belgians within the fortress and stopping sorties, which were disconcerting to the Germans occupying the rest of the country and occasionally disarranged their plans.

Again reports are in circulation that the Germans are making preparation to evacuate Belgium, or at any rate that portion as far east as Brussels. It is said that their force in Brussels is packing up, but such statements have been made so often that not much reliance is placed in them. Still another rumor has it that the German staff headquarters had been removed from Luxembourg to Mayence.

Battle Begins Near Cracow. The battle which promises to be the greatest and most important of the eastern campaign has commenced near Cracow, Galicia, where an Austro-German army, estimated to number 800,000 men, is endeavoring to check the Russian advance. This combined Austro-German army has occupied a line just inside the Russian Poland frontier, from Cracow through Czenstochowa to Kalisz, and has had plenty of time to prepare strong defensive positions. Both sides are bringing up reinforcements. The Germans are hurrying their forces from Breslau and Bavaria. All the Bohemian and Moravian railways are congested with German troops and war material.

The German plan of an invasion of Russia from east Prussia has failed, according to Russian official reports, which declare the Germans got as far as the western bank of the Niemen river, but found strong Russian forces in the hills on the eastern banks. Being in low and marshy ground, the Germans, according to the Russian viewpoint, were at a disadvantage and could not advance. A fight is now in progress at Mariampol, near the northeastern Prussian frontier, while further south, in the Suwalki district, the Russians claim to have turned the German retreat into a disorderly flight.

More heavy fighting is taking place at Augustow, 140 miles northeast of Warsaw, in the province of Suwalki, where the Germans have received reinforcements and been able to take the offensive. At Gajewo, 25 miles southwest of Augustow, the Russians have again entered German territory and at Mlawo they claim a victory over the Germans.

Fury of Onslaught Is Unabated. On the Battle Front, via Paris, Oct. 2.—A thrill was in the air along the extended allied lines today. The French and British troops, who have been over a fortnight in the closest contact with the Germans, felt they had accomplished their hard task of preventing the Germans from breaking through the human barrier erected between them and Paris, their main objective, and that this meant eventual victory for the allies.

The lines of the trenches made the battle front appear like deeply scarred fields. The allies, who quickly learned the lesson of burrowing, at some places face the Germans within a quarter of a mile. Their field entrenchments offer admirable

shelter from the effects of the German artillery, which consequently reduces their casualties and permits the allies to await in comparative safety the German attacks, which must be made across the open and often at terrible cost.

The fury of the German onslaughts was unabated today, especially on the western wing, but their every effort was met with vigor by the allies, who seemed to vie with each other in using all their strength and courage against the attackers.

The scene of the most violent attacks changes day by day. The Germans, finding it impossible to penetrate the allied lines in the vicinity of Rheims and Soissons, quickly transported many of their divisions farther northwest and today hurled them against Roye. Again they failed, although tonight they had not ceased their efforts to batter down the resistance.

The allies' great turning movement continued today and their western wing extended toward Arras. Reports from the other end of the line on the frontier show the progress of the allies to be slow but sure. Hundreds of German prisoners fell into the hands of the allies at every point and it was remarked that the majority were Bavarians, who seem to have been prominent in the front of the German attack.

Spies are so numerous along the front that orders have been issued stating that any German in civilian dress encountered will be considered a spy and those furnishing him with clothes will be regarded as accomplices. The order says that any group of more than three armed Germans found behind the allies' lines will be considered as ghouls and shot, while every person found committing robberies on the battle field, whether civilian or soldier, will be court-martialed.

WAR BULLETINS

LONDON, Oct. 3, 3 a. m.—The German dock yards are working with feverish energy, says a Copenhagen dispatch to the Daily Mail. Fifty submarines are being built, it is reported, the submarine successes having made the German public clamorous for more ships of this kind.

LONDON, Oct. 2.—A dispatch to Lloyd's agency from Bordeaux says it is officially announced there that a French gunboat has sunk two German auxiliary ships, the Rhios and Itolo, with mitrailleuses.

ROME, via Paris, Oct. 3.—2:10 a. m.—Private advices received here from Vienna are to the effect that alarm is growing in the Austrian capital over the spread of cholera. The advices say also that the military authorities are making preparations to defend Vienna against attack and that many persons have left the city.

BORDEAUX, Oct. 3.—12:40 a. m.—The German cruisers Scharnhorst and Gneisenau on Sept. 22 bombarded and half destroyed Papeete, principal town and port of the French island of Tahiti, the most important member of the Society group in the Pacific. Such is the news received by the minister of colonies, Gaston Doumergue.

The cruisers also sunk the dismantled French gunboat Zelee, a sister ship to the Surprise, in the harbor and then put out to sea.

LIEUTENANT OF BRITISH ROYAL HORSE GUARDS DIES OF WOUNDS

LONDON, Oct. 2.—Lieutenant G. V. Naylor-Leyland, of the Royal Horse Guards, second son of the late Sir Herbert Naylor-Leyland, whose wife was Miss Jennie Chamberlain of Cleveland, Ohio, who was previously reported as having been wounded, has succumbed to his injuries.

This information is contained in a list of casualties received from headquarters under the dates of September 27, 28 and 29. The list also gives the names of ten other officers killed and 24 wounded. Three officers are reported as missing.

AVIATORS LESSEN NUMBER OF VICTORIES WON BY SURPRISES

Battle of the Aisne is Continuing for an Unprecedented Length of Time for This Reason.

Bordeaux, France, Oct. 2.—The concentration of Germans in great strength at Roye as mentioned in the war office's statement issued this afternoon is explained here by the ease with which the command general discovers the dispositions of the enemy through aeroplane scouts. A very important factor in the winning of battles is surprises. The aviators in the present war have made this factor a negligible one.

For this reason the battle of the Aisne is continuing for an unprecedented length of time. The public not familiar with all the strategy is inclined to be impatient of fighting without an end, but those who know declare themselves perfectly satisfied with the progress being made by the French armies.

shelter from the effects of the German artillery, which consequently reduces their casualties and permits the allies to await in comparative safety the German attacks, which must be made across the open and often at terrible cost.

The fury of the German onslaughts was unabated today, especially on the western wing, but their every effort was met with vigor by the allies, who seemed to vie with each other in using all their strength and courage against the attackers.

The scene of the most violent attacks changes day by day. The Germans, finding it impossible to penetrate the allied lines in the vicinity of Rheims and Soissons, quickly transported many of their divisions farther northwest and today hurled them against Roye. Again they failed, although tonight they had not ceased their efforts to batter down the resistance.

The allies' great turning movement continued today and their western wing extended toward Arras. Reports from the other end of the line on the frontier show the progress of the allies to be slow but sure. Hundreds of German prisoners fell into the hands of the allies at every point and it was remarked that the majority were Bavarians, who seem to have been prominent in the front of the German attack.

Spies are so numerous along the front that orders have been issued stating that any German in civilian dress encountered will be considered a spy and those furnishing him with clothes will be regarded as accomplices. The order says that any group of more than three armed Germans found behind the allies' lines will be considered as ghouls and shot, while every person found committing robberies on the battle field, whether civilian or soldier, will be court-martialed.

HEARS ARGUMENTS AGAINST FORECLOSURE

BONDHOLDERS PRESENT OBJECTION TO FORM OF SALE OF ROCK ISLAND

Petition Presented by Counsel Claims Iowa Company Issued Worthless Debentures for Payment of \$7,500,000 by the Road.

NEW YORK, Oct. 2.—Federal Judge Mayer today heard arguments by counsel representing bondholders who object to the granting of a foreclosure decree against the Chicago, Rock Island and Pacific railroad company, at this time and also to the form of sale. Samuel Untermyer presented a petition containing the details of the formation of the Rock Island holding companies alleged to be controlled and operated by the Reid and Moore interests.

The petition, referring to the acquisition of the St. Louis and San Francisco Railway Co., by the Rock Island road, stated that subsequently the Iowa company caused the railway company to pay out of its treasury to it the sum of \$7,500,000.

It added that by way of consideration for such payment the Iowa company issued its debentures payable in 1913 to the railway company; that "these debentures are and were at the time of their issue and have been ever since absolutely worthless and the acquisition by the railway company as alleged consideration for said payment of \$7,500,000 was a fraud upon the stockholders of the railway company."

The petition continued that the reorganization committee, of which James N. Wallace, president of the Central Trust Co., was chairman, had not informed the bondholders of this transaction.

It is claimed further that the Central Trust Co. is now pressing for an immediate sale of the collateral securities in one parcel without first affording an opportunity to the bondholders to assemble or otherwise determine upon instructing the trustees as to the manner of acquiring the stock; and that the interests of the Wallace committee are inconsistent and irreconcilable with the interests of the body of bondholders represented by the trustee. Moreover, it is stated the decrease proposed provides no set price and those bondholders who have not deposited their bonds with the Wallace committee are not afforded any protection against the annihilation of their interests.

To Attack Naco Today. Naco, Sonora, Oct. 2.—Governor Jose Maytorena, Villa commander, formally notified Col. Guilfoyle of the Ninth U. S. cavalry border patrol, tonight that he would attack Naco at daybreak.

Col. Benjamin Hill, with 1,800 men and some light artillery, is well entrenched and is prepared to stand a siege while awaiting expected reinforcements of Carranza troops.

A formal demand by Maytorena for the surrender of Naco was refused.

Several thousand Yaqui Indians attached to the Villa forces under the Maytorena have slowly gathered during the week and it is expected they will join in the assault on the town.

Avilez Occupies Ensenada. Los Angeles, Oct. 2.—Adolfo Carrillo, Gen. Carranza's consular representative here, said today he had received a message from Mexico City informing him Gen. Baltazar Avilez had taken possession of Ensenada, capital of Lower California, in the name of Villa and that a force of troops was being sent from there to aid Governor Maytorena in the campaign against Carranza's troops in Sonora.

The troops being sent to Sonora, according to Carrillo's information, are under command of Col. Tenorio and are marching eastward by way of Mexicali.

It is understood that three ships belonging to a Mexican steamship company have been tendered to Avilez.

Fix No Time for Transfer. Washington, Oct. 2.—Official announcement today that the American troops would not be withdrawn from Vera Cruz before October 11 and that no time had been fixed for the transfer of control of that port to Mexican authorities was accepted as meaning that Gen. Funston's forces will not be ordered home until the Carranza break has been settled and order restored in the republic.

Will Not Tolerate Federals. Jiminez, Chihuahua, Mex., Oct. 2.—The Villa faction will not tolerate any connection with the old federal or "cientifico" element, which were termed "reactionaries" in a statement issued today by Luis Aguirre Benavides, Gen. Villa's first secretary.

As proof of this it was announced that two prominent adherents of Gen. Felix Diaz, nephew of ex-President Diaz, had been executed here. It was stated also that the convention at Zacatecas designed to adjust the differences between Villa and Carranza would not be held until Oct. 10.

WILL NOT AFFECT GERMAN EXHIBITS.

San Francisco, Oct. 2.—The war will have no effect upon the size of the exhibits of German manufacturers at the Panama-Pacific exposition, says W. W. Schultz, exposition commissioner, who has been for several months in Berlin and returned to this city yesterday.

"We had at the time the war began 998 applicants for 200,000 feet of space," he said, "and even after two months of the war we received three applications for space."

BRIEFLY OUTLINES PROBABLE OUTCOME

Expect Mexico City Convention to Adjourn to Go to Aguas Calientes

TO ATTACK NACO TODAY

Villa Commander Notifies Colonel of Border Patrol of Intention to Start at Daybreak

AVILEZ OCCUPIES ENSENADA

WASHINGTON, Oct. 2.—An outline of what the immediate outcome of the convention at Mexico City and Aguas Calientes probably will be was received here tonight by Washington agents of the constitutionalists.

According to the dispatches, the delegates of the Carranza faction now in convention at Mexico City probably will adjourn tomorrow to meet in joint session Oct. 5, with the Aguas Calientes peace conference attended by representatives of Villa and Zapata, as well as the Carranza faction.

Officials here expect a supreme effort will be made then to settle all controversies between the several factions. It was said that the convention in Mexico City might decide to continue in session for several days, but if so in all probability it would adjourn in sufficient time to permit the delegates to be present at the opening of the Aguas Calientes meeting.

In the event an agreement is reached at the Aguas Calientes convention, the plan is to have the leaders of all factions proceed to Mexico City, there to designate a provisional president and arrange for the elections and the establishment of a permanent government.

To Attack Naco Today. Naco, Sonora, Oct. 2.—Governor Jose Maytorena, Villa commander, formally notified Col. Guilfoyle of the Ninth U. S. cavalry border patrol, tonight that he would attack Naco at daybreak.

Col. Benjamin Hill, with 1,800 men and some light artillery, is well entrenched and is prepared to stand a siege while awaiting expected reinforcements of Carranza troops.

A formal demand by Maytorena for the surrender of Naco was refused.

Several thousand Yaqui Indians attached to the Villa forces under the Maytorena have slowly gathered during the week and it is expected they will join in the assault on the town.

Avilez Occupies Ensenada. Los Angeles, Oct. 2.—Adolfo Carrillo, Gen. Carranza's consular representative here, said today he had received a message from Mexico City informing him Gen. Baltazar Avilez had taken possession of Ensenada, capital of Lower California, in the name of Villa and that a force of troops was being sent from there to aid Governor Maytorena in the campaign against Carranza's troops in Sonora.

The troops being sent to Sonora, according to Carrillo's information, are under command of Col. Tenorio and are marching eastward by way of Mexicali.

It is understood that three ships belonging to a Mexican steamship company have been tendered to Avilez.

Fix No Time for Transfer. Washington, Oct. 2.—Official announcement today that the American troops would not be withdrawn from Vera Cruz before October 11 and that no time had been fixed for the transfer of control of that port to Mexican authorities was accepted as meaning that Gen. Funston's forces will not be ordered home until the Carranza break has been settled and order restored in the republic.

Will Not Tolerate Federals. Jiminez, Chihuahua, Mex., Oct. 2.—The Villa faction will not tolerate any connection with the old federal or "cientifico" element, which were termed "reactionaries" in a statement issued today by Luis Aguirre Benavides, Gen. Villa's first secretary.

As proof of this it was announced that two prominent adherents of Gen. Felix Diaz, nephew of ex-President Diaz, had been executed here. It was stated also that the convention at Zacatecas designed to adjust the differences between Villa and Carranza would not be held until Oct. 10.

WILL NOT AFFECT GERMAN EXHIBITS.

San Francisco, Oct. 2.—The war will have no effect upon the size of the exhibits of German manufacturers at the Panama-Pacific exposition, says W. W. Schultz, exposition commissioner, who has been for several months in Berlin and returned to this city yesterday.

"We had at the time the war began 998 applicants for 200,000 feet of space," he said, "and even after two months of the war we received three applications for space."

EMERSON CONFESSES TO "PLANTING" DYNAMITE

AFFIRMS HE WAS HIRED BY EMPLOYERS ORGANIZATION FOR PROTECTION

Statement Says He "Discovered" Explosives After Placing Them and Reaped Rewards—Names Men, Whom He Claims Directed Him.

MARTINEZ, Cal., Oct. 2.—A. P. Emerson, under arrest for having explosives illegally in his possession made an eighteen page signed statement to the authorities here late today affirming mainly that he was hired by agents of the Merchants, Manufacturers and Employers Association of Stockton, where a labor war is on, to protect them. This he did he said by "planting" dynamite and then "discovering" it and reaping rewards.

Emerson said he stole dynamite recently from a car at Bay Point for the purpose of placing it in the Hotel Stockton and on the premises of a milling concern, where it was later to be "discovered." Both the hotel management and the flour plant have been active in the present struggle, living up with the Merchants, Manufacturers and Employers Association. Emerson named men, who he said, directed him to do this and make other plans in order to discredit the unions. It was said by officials tonight that the arrest of these men was being seriously considered.

CLAIM THAT GERMANS SUFFER DEFEAT IN RUSSIAN POLAND

LONDON, Oct. 2.—A despatch to the Central News from Rome says: "The Russian embassy here has issued a communication which announces that the Germans have suffered a terrible defeat in the provinces of Lodz and Snuwalki, Russian Poland."

"The Germans, the communication says, were attacked with extreme violence and compelled to flee from Suwalki, Sozrowice and other towns having behind them great quantities of transports and guns. Their troops threw away their rifles and baggage. Numerous cannon were abandoned in the quagmire."

Other telegrams from Petrograd, the Central News correspondent at Rome says, declare that the Germans have lost 30,000 men in killed or wounded and 20,000 taken prisoners.

STATES JAPAN HAS NO ENMITY TOWARD PEOPLE OF GERMANY

New York, Oct. 2.—"We have no enmity towards the people of Germany," Sanjo Takata, Japanese journalist, educator and president of Waseda University, declared at a luncheon given here today by the Japanese society in honor of himself and a member of the Japanese house of representatives.

Prominent Americans and Japanese attended the luncheon. "We entertain the strongest admiration for the German people," Mr. Takata said, "and for their contribution in every domain of life to culture and civilization."

Mr. Takata deplored rumors of any misunderstanding between his country and the United States. False and absurd reports, spread from "sinister purposes," he believed, could never take root in the mind of the American people if the truth about Japan had its first lodging there. He urged the Japanese society to spread among Americans a knowledge of Japan.

EXPECT PERSON MURDER CASE WILL GO TO THE JURY TODAY

LINCOLN, Ill., Oct. 2.—The case of Carl Person, labor editor, charged with the murder of Antonio, Mexican, is expected to go to the jury tomorrow afternoon. The defense rested today. Motion to have the case taken from the jury was overruled and the opening argument for the state was made by State Attorney Leo Williams. Counsel for Person made the opening statement for the defense and Frank Comerford of Person's counsel, will close Person's case tomorrow. The final plea for the state will be made by Lot Herrick, special prosecutor.

FRIDAY IN CONGRESS.

Senate.
Met at 11 a. m.
Senator Norris led the attack on the Clayton trust bill conference report.

Finance committee Democrats continued work on the war revenue bill.
Recessed at 5:30 p. m. to 11 a. m. Saturday.

House.
Met at noon.

Debate resumed on the Jones bill for Philippine independence. The judiciary committee formally filed its report, recommending that the impeachment proceedings against Federal Judge Speer of Georgia be dropped.

Defeated amendment proposing international agreement for neutralization of the Philippines.
Adjourned at 5:10 p. m. till noon Saturday.

AMENDMENTS TO BILL ARE DEFEATED

House Rejects Proposition for Neutralization of the Philippines

AGREE TO REDUCTION

Democrats of Senate Committee Plan to Complete Revision of Revenue Bill To-Day

DID NOT REACH BANK TAX

WASHINGTON, Oct. 2.—Democrats in the house today rejected a proposition for neutralization of the Philippines and defeated every other amendment offered to the Jones bill, declaring the purpose to recognize Philippine independence when the Filipinos are able to govern themselves.

Representative Burgess of Texas offered the amendment, which proposed that the Jones bill also provide for the effecting of an international agreement to guarantee the neutrality of the Philippine Islands. It was lost 54 to 14, the Republicans refraining from voting.

During the debate Representative Shirley of Kentucky declared the real issue is "when could we, in justice to the Filipinos, give them self-government?"

Cut Gasoline Tax in Half. Reduction of the proposed tax on gasoline in the war revenue bill from two cents to one cent a gallon and the imposition of a tax of 50 cents per horsepower on automobile sales were agreed to today by Democrats of the senate finance committee. They plan to complete their revision of the house bill by tomorrow night.

The committee did not reach the bank tax in its deliberations today, but will have before it tomorrow a subcommittee recommendation that the proposed tax of \$2 a thousand on bank capital and surplus be eliminated and that there be substituted a stamp tax on checks, drafts, certificates of deposit and other negotiable paper. The tax on checks, drafts, etc., would be two cents and on certificates of deposits, etc., two cents for each \$100. From this it is estimated the revenue would be about \$10,000,000 a year.

FRUSTRATES EFFORTS FOR AGREEMENT.

Efforts of Democratic leaders in the senate today to procure an agreement for a vote on the Clayton anti-trust bill conference report Monday were frustrated when Senator Smith of Michigan objected, pressing the hope that "Providence will interpose to prevent enactment of such a bad bill into law."

Continue Adjournment Conference. Conferences among leaders in congress with a view to adjournment October 15 continued today. Democratic Leader Underwood of the house conferred with Senators Kern and Smoot, who expressed the view that an adjournment could be effected at the time planned.

INFORMS MCADOO OF CONDITION OF ILLINOIS STATE BANKS

State Auditor Says Situation Is Very Satisfactory and There Appears No Ground for Complaint.

Springfield, Ill., Oct. 2.—State Auditor James J. Brady today sent a telegram to the secretary of the treasury, informing him of conditions in this state regarding state banks. The message was in answer to a recent communication from Secretary McAdoo to the effect that banks in various sections of the country are building up big reserves, refusing to make loans and charging excessive rates of interest for loans. The investigation made by the state auditor shows that a few state banks have large reserves and that a few have recently charged as high as 8 per cent interest on loans. Explanation is made by banks having heavy reserves that they expect to make necessary loans to move crops, which will cut down their reserves materially. "On the whole," says Auditor Brady, "the situation is very satisfactory in this state and there appears no ground for complaint."

WEATHER INDICATIONS AND TEMPERATURES.

Washington, Oct. 2.—Fair Saturday; probably showers Sunday.
Temperatures.

NEW BOOKS AT THE PUBLIC LIBRARY.

Materials for Halloween merry-making has been gathered together at the Library. Those planning for parties can get ideas for various sorts of frolics from the books and clippings.

The list of new books for this week follows:

Literature.
Dawson—Florence on a Certain Night. "It is believed that this volume will win for its author among poets at least the same rank that he has recently attained among novelists."

Emerson—Psycho Vox or Emerson System of Voice Culture. Gift. Keplart—Our Southern Highlanders. "The author has camped and hunted for years among these people, and gives a graphic and entertaining account of his experiences. He described with much sympathy the characteristics of the mountaineers and their curious customs, their fads, dialects and 'moonshining' and attempts to trace their origin and future development. Interesting illustrations from photographs."

Painter—History of English Literature. Gift.

Palmer—Introduction to American Literature. Gift. "It should not be forgotten that this book, as its name indicates, is but an introduction to American Literature. It is an art intended to be comprehensive manual of reference. It treats only of the leading periods and principal writers."—Prof.

Stewart—Letters of a Woman Homesteader. "The literary discovery of the year." New York Evening Post. "Delightful letters which show an enviable spirit and humor in their frank portrayal of the difficulties and joys of the woman homesteader on a ranch in southwestern Wyoming and a very human sympathy in the recital of any events which included her neighbors near and far. Good to read aloud to the whole family."—A. L. A. Bkl.

Sociology.
Angell—Arms and Industry; a Study of the Foundations of International Policy. "A book which has compelled thought; a book full of real ideas."—New York Times.
Davenport—Eugenics.

Real Fiction.
Duncan—Bird Store Man. A charming little story. Good to read aloud.
Edington—Oh, James.

DIAMOND TRADE LOOKING UP.
New York, Oct. 2.—The report marked improvement in the diamond trade is regarded in business and financial circles in this city as one of the most trustworthy signs of an early and general return of prosperity. The diamond trade was one of the first to feel the depression arising from the European war. That the condition of the trade is now on the steady road to recovery is evidenced by the fact that several of the largest factories devoted to the trade in New York are now running full time. Many of those interested in the trade predict that one of the results of the war will be to make New York, instead of Amsterdam, the center of the diamond cutting industry of the world.

Newspapers Discuss Possibility of Great Britain Administering German Colonies.

(Correspondence of the Associated Press.)

London, Sept. 18.—What will England do with the German colonies if she captures them? Does England want more possessions? Could England administer German colonies more successfully than Germany has?

These questions have been propounded, and answered in the English press since the war extended from Europe to Africa and the South Seas. Some writers have stated the German colonies are practically worthless and take the position that Great Britain needs no more territory, especially such as semi-arid German Southwest Africa.

As the missing link in the Cape-to-Cairo Railway, German East Africa seems to be regarded more favorably even by the most rabid of English anti-expansionists. Because of its great strategic value Samoa is looked upon as territory worth having, but the Kameruns and the German Congo are in less favor.

In a letter to one of the London papers A. Wyatt Tilly decries the anti-expansionists and likens them to Americans living on the Atlantic seaboard who laughed at the feeling men who moved west to the Alleghenies and claimed the great American granary which was then regarded as a hopeless wilderness.

With the prospect that one million Englishmen will be under arms in the present contest, Mr. Tilly says: "After the war, too, we shall have numbers of men trained to arms to whom the civilian life they are now abandoning no longer offers attractions. Many a Canadian and South African city or township owes its origin to such disbanding legions; and after the recent war thousands of those who are now raw recruits being taught their first drill will take their chance of a scheme of settlement in the annexed colonies if they are given opportunity."

Commenting on reports showing that Germany has not done well with its African colonies, Mr. Tilly says the failure of Germany to get sufficient colonists into Africa to make the development of such extensive territory possible is not unlike the first experience England had with Nigeria. He believes England would never have succeeded as a colonizer if it had not profited by its early mistakes and he does not regard Germany's failures in Africa as a safe basis for the condemnation of the resources of German colonies in Africa.

Germany's rapid industrial development and the absorption of the surplus population of all sections by the new industries checked emigration to such an extent that Mr. Tilly holds Germany really had little need for an immediate outlet for her people. Consequently they failed to avail themselves of opportunities which awaited them in German colonies, opportunities which Mr. Tilly believes Englishmen would be glad to grasp.

"The anti-expansionist argument was used in Mid-Victorian times, by the Manchester School," said Mr. Tilly. "That school regarded all dependencies as a burden to be shaken off as quickly as possible; indeed, it was triumphant as an argument—for the whole of that generation. Put in practice it was either ignored or it proved impossible to carry out; for the very men who used the argument saw the early growth of New Zealand as a British colony, the spread of settlement toward Western Canada, the founding of Natal, and the Dalhousie policy in India."

NOTICE TO CONTRACTORS.
Sealed Proposals will be received by the County Commissioners until 2 P. M., Saturday, October 10th, 1914 for the construction of 1200 cubic yards of open ditch on North Main street road. Bid must be accompanied by a certified check for 5 per cent of the total bid. Plans of Profile may be seen at the office of the County superintendent of Highways. Bids to be mailed to C. A. Boruff, County clerk, Jacksonville, Ills., and marked Proposal for Open Ditch Construction.

ILLINOIS COLLEGE TEAM LEAVES FOR CARPAGE, ILL.

Local Eleven Will Play Hancock County Eleven This Afternoon.

The Illinois College football team will leave this morning at 7:15 over the Wabash for Carthage to play the team of that city. Coach Harmon has announced the following lineup:

Left end—Pierce.
Left tackle—Mitchell.
Left Guard—Butcher.
Center—Atchison.
Right Guard—Allen.
Right tackle—Frisbee.
Right end—McLaughlin.
Right half—Wilson.
Left half—Helme.
Quarter-back—Gary and Stewart.
Full back—Alford.

The coach gave the men a lecture yesterday on defense for punt formations and spent some time in signal drills and individual proficiency. The team will return home Saturday night at 9:45 over the Wabash.

"LITTLE CHURCH" TO CELEBRATE

New York, Oct. 2.—The parish of the Church of the Transfiguration will be sixty-six years old next week and arrangements are being made for special morning and afternoon services Sunday to celebrate the anniversary.

In all America no church is better known to the general public than the Church of the Transfiguration. But the name by which it is commonly known as the "Little Church Around the Corner." A number of years ago, when George Holland, the popular actor, died, many of his friends and acquaintances desired a public funeral. The veteran actor had been a good man, faithful, laborious, honest, respected by all who knew him. Joseph Jefferson, on behalf of the family of Mr. Holland, made application to the Rev. Mr. Sabin, then presiding over a church at the corner of Twenty-eighth Street and Madison Avenue to officiate at the funeral. Learning that the deceased had been an actor, the clergyman recommended Mr. Jefferson to go to "a little church around the corner" where such things were done. "All honor to the little church around the corner," exclaimed the player as he left the clergyman, and seeking the rector of the little church he found in the Rev. George H. Houghton a man who was not ashamed to read the burial service over a dead actor. The press took up the story, and the Church of the Transfiguration, christened "The Little Church Around the Corner," was lifted out of the obscurity of an ordinary place of worship and became for all time the church of the players.

OPPORTUNITY TO EXPORT CEMENT.

Washington, D. C., Oct. 2.—When it comes the time to build up the cities of Europe destroyed in the war, the United States will be in a position to furnish all cement required. The United States Geological Survey reports that the supply of raw material here is practically inexhaustible. The United States imports relatively little hydraulic cement, only about 85,000 barrels having been imported in 1913.

There is really little necessity for this country to import any cement, for all sections are now fairly well supplied with mills for the manufacture of Portland cement, and the production last year was nearly 93,000,000 barrels.

A significant feature of the cement industry is the fact that the output of the United States is practically equal to the total capacity of the country is employed at the maximum, and there is often an overproduction; yet the exports of hydraulic cement have scarcely exceeded 4,200,000 barrels in any year; this amount being only 5 per cent of the total output, not sufficient to take care of the surplus production in a year of great activity.

American manufacturers have not yet made the most of their opportunities to establish greater export trade. The statistics show that the exports of cement from England, Germany, Belgium and France, not only have been considerably larger than those of the United States, but have borne a much higher ratio to the production in those countries.

MARKETING BY PARCEL POST.

Washington, D. C., Oct. 2.—In connection with the convention of the National Association of Postmasters of the Second and Third Classes, which is to assemble in this city next week, a proposition is on foot which may materially further the project of marketing by parcel post for the mutual benefits of housekeepers and producers in this and in other parts of the country as well.

At the suggestion of Postmaster Praeger of this city it is expected the convention will set aside one session for the exchange of views and information relative to the development of plans for the extensive use of the parcels post in the larger cities for the buying and selling of household supplies.

The convention of the national association was approved by the Postmaster General last March, but the idea of making a parcel post feature of one of the sessions is of recent growth, and postmasters who have been written to on the subject are showing more than ordinary interest in the project for a special "parcel post day."

BROTHERHOOD MET.

The Brotherhood of the Congregational church held their first fall meeting last night. A banquet was served at 6 o'clock and this was followed by a number of short addresses by members, telling of their experiences during vacation times. Among those who spoke were Dr. R. O. Post, R. W. Smith, Thomas C. Storer, Dr. Carl Black, Charles A. R. Stone.

Mrs. Chris. Rufus who has been visiting with relatives in Kentucky, has returned to this city and is a guest at the home of her daughter, Mrs. A. W. Ruyle on South East street.

CONFERENCE MINISTERS TO FILL PULPITS OF COLORED CHURCHES

Simultaneous Services in Five Churches Sunday—Appointments Will be Read by Bishop Sunday Evening—Today's Program.

At the Friday evening session of the Illinois conference of the A. M. E. church there was presented the complete Sunday program, announcing the conference ministers who will fill the pulpits of the five colored churches of the city. Interest continues to increase in the daily sessions and the business of the conference is proceeding with good speed. Friday the ministers discussed the subjects of temperance and missions and in the evening observed the educational anniversary. Most of the business of the conference will be finished today, with the exception of the appointments which will be read at the last session by Bishop B. F. Lee.

Following is the Sunday program: Bethel A. M. E.—10:45, Bishop B. F. Lee; 3:00, Rev. J. Allen Viney; 7:45, Rev. G. F. David, presiding elder of the Danville, Ky. district.

Mt. Emory Baptist—10:45, Rev. A. N. Webb of the Iowa conference; 7:45, Rev. Will J. Smith, Carmi.

Second Christian—10:45, Rev. James H. Higgins, East St. Louis.

Second Baptist—10:45, Rev. J. Will Summers, Alton; 7:45, Rev. J. H. Fisher, Madison.

McCabe M. E.—10:45, Rev. Chas. Tinsley, Macomb; 7:45, Rev. J. H. McFall, Mounds.

Bethel A. M. E. Sunday school, the Rev. H. W. Jameson, Decatur.

Allen Christian Endeavor League, Rev. W. T. B. Harewood, Paris.

The Rev. Will J. Smith of Carmi, Ill., was at the beginning of the sessions elected by his brother ministers official conference reporter and this post he has filled most efficiently.

Rev. N. G. McCracken of Springfield presided at the Friday evening session and Rev. J. H. Sydes, P. E., Cairo; Rev. J. W. Wiley, Danville, and Rev. S. A. Hardison, Cairo, were heard in addresses. The principal speaker was Dr. A. H. Kennelbrew, this city, who discussed in a very able and exhaustive manner the question of "Eugenic Marriage."

Temperance discussion filled a great portion of the morning session Friday. In discussion of a report by Rev. T. H. Stoner, Bishop Lee expressed his own views and endorsed President Wilson and Secretary Bryan for their stand on the matter of liquor using. Dean Woodson of the Wilberforce college, Ohio, spoke against tobacco and Rev. S. F. Jones of Peoria introduced a resolution against soliciting money from saloon men. The Rev. S. L. Burt of Chicago told of mission work in the Chicago conference, and Rev. N. G. McCracken and Rev. W. H. Jameson spoke on phases of Illinois conference missionary activity.

Jacksonville relatives have received word that Mrs. J. H. Osborne of Chicago, who Wednesday morning underwent an operation for appendicitis in the Michael Reese hospital, is doing nicely and that a speedy recovery is expected.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the County Commissioners until 2 p. m. Saturday, October 10th, 1914 for the construction of 1200 cubic yards of open ditch on North Main street road. Bid must be accompanied by a certified check for 5 per cent of the total bid. Plans and profile may be seen at the office of the county superintendent of highways. Bids to be mailed to C. A. Boruff, county clerk, Jacksonville, Ill. and marked proposal for open ditch construction.

NEW BOOKS AT THE PUBLIC LIBRARY.

Materials for Halloween merry-making has been gathered together at the library. Those planning for parties can get ideas for various sorts of frolics from the books and clippings.

The list of new books for this week follows:

Literature.
Dawson—Florence on a Certain Night. "It is believed that this volume will win for its author among poets at least the same rank that he has recently attained among novelists."

Emerson—Psycho Vox or Emerson System of Voice Culture. Gift. Keplart—Our Southern Highlanders. "The author has camped and hunted for years among these people, and gives a graphic and entertaining account of his experiences. He described with war sympathy the characteristics of the mountaineers and their curious customs, their feuds, dialects and 'moonshining' and attempts to trace their origin and future development. Interesting illustrations from photographs."

Painter—History of English Literature. Gift.

Painter—Introduction to American Literature. Gift. "It should not be forgotten that this book, as long and attempts to trace their origin, is but an introduction to American literature. It is an art intended to be comprehensive manual of reference. It treats only of the leading periods and principal writers."—Pref.

Stewart—Letters of a Woman Homesteader. "The literary discovery of the year," New York Evening Post. "Delightful letters which show an enviable spirit and humor in their frank portrayal of the difficulties and joys of the woman homesteader on a ranch in southwestern Wyoming and a very keen human sympathy in the ir recital of any events which included her neighbors near and far. Good to read aloud to the whole family."—A. L. A. Bkl.

Sociology.
Angell—Arms and Industry; a Study of the Foundations of International Policy. "A book which has no parallel thought; a book full of real ideas."—New York Times.

Real Fiction.
Duncan—Bird Store Man. A charming little story. Good to read aloud.
Edington—Oh, James.

DIAMOND TRADE LOOKING UP.

New York, Oct. 2.—The recent marked improvement in the diamond trade is regarded in business and financial circles in this city as one of the most trustworthy signs of an early and general return of prosperity. The diamond trade was one of the first to feel the depression arising from the European war. That the condition of the trade is now on the steady road to recovery is evidenced by the fact that several of the largest factories devoted to the trade in New York are now running full time. Many of those interested in the trade predict that one of the results of the war will be to make New York, instead of Amsterdam, the center of the diamond cutting industry of the world.

ILLINOIS COLLEGE TEAM LEAVES FOR CARTRIDGE, ILL.

Local Eleven Will Play Hancock County Eleven This Afternoon.

The Illinois College football team will leave this morning at 7:15 over the Wabash for Cartrage to play the team of that city. Coach Harman has announced the following lineup:

Left end—Pierce.
Left tackle—Mitchell.
Left Guard—Butcher.
Center—Atchison.
Right Guard—Allen.
Right tackle—Frisbee.
Right end—McLaughlin.
Right half—Wilson.
Left half—Helme.
Quarterback—Gary and Stewart.
Full back—Alford.

The coach gave the men a lecture yesterday on defense for punt formations and spent some time in signal drills and individual proficiency. The team will return home Saturday night at 9:45 over the Wabash.

"LITTLE CHURCH" TO CELEBRATE

New York, Oct. 2.—The parish of the Church of the Transfiguration will be sixty-six years old next week and arrangements are being made for special morning and afternoon services Sunday to celebrate the anniversary.

In all America no church is better known to the general public than the Church of the Transfiguration. But the name by which it is commonly known as the "Little Church Around the Corner." A number of years ago, when George Holland, the popular actor, died, many of his friends and acquaintances desired a public funeral. The veteran actor had been a good man, faithful, laborious, honest, respected by all who knew him. Joseph Jefferson, on behalf of the family of Mr. Holland, made application to the Rev. Mr. Sabini, then presiding over a church at the corner of Twenty-eighth Street and Madison Avenue to officiate at the funeral. Learning that the deceased had been an actor, the clergyman recommended Mr. Jefferson to go to "a little church around the corner" where such things were done. "All honor to the little church around the corner," exclaimed the player as he left the clergyman, and seeking the rector of the little church he found in the Rev. George H. Houghton a man who was not ashamed to read the burial service over a dead actor. The press took up the story, and the Church of the Transfiguration, rechristened "The Little Church Around the Corner," was lifted out of the obscurity of an ordinary place of worship and became for all time the church of the players.

OPPORTUNITY TO EXPORT CEMENT.

Washington, D. C., Oct. 2.—When it comes the time to build up the cities of Europe destroyed in the war, the United States will be in a position to furnish all cement required. The United States Geological Survey reports that the supply of raw material here is practically inexhaustible. The United States imports relatively little hydraulic cement, only about 85,000 barrels having been imported in 1913.

There is really little necessity for this country to import any cement, for all sections are now fairly well supplied with mills for the manufacture of Portland cement, and the production last year was nearly 92,000,000 barrels.

A significant feature of the cement industry is the fact that though only about 80 per cent of the normal cement producing capacity of the country is employed at the maximum, and there is often an over production; yet the exports of hydraulic cement have scarcely exceeded 4,200,000 barrels in any year; this amount being only 5 per cent of the total output, not sufficient to take care of the surplus production in a year of great activity.

American manufacturers have not yet made the most of their opportunities to establish greater export trade. The statistics show that the exports of cement from England, Germany, Belgium and France, not only have been considerably larger than those of the United States, but have borne a much higher ratio to the production in those countries.

MARKETING BY PARCEL POST.

Washington, D. C., Oct. 2.—In connection with the convention of the National Association of Postmasters of the Second and Third Classes, which is to assemble in this city next week, a proposition is on foot which may materially further the project of marketing by parcel post for the mutual benefits of housekeepers and producers in this and in other parts of the country as well.

At the suggestion of Postmaster Praeger of this city it is expected the convention will set aside one session for the exchange of views and information relative to the development of plans for the extensive use of the parcels post in the larger cities for the buying and selling of household supplies.

The convention of the national association was approved by the Postmaster General last March, but the idea of making a parcel post feature of one of the sessions is of recent growth, and postmasters who have been written to on the subject are showing more than ordinary interest in the project for a special "parcel post day."

BROTHERHOOD MET.

The Brotherhood of the Congregational church held their first fall meeting last night. A banquet was served at 6 o'clock and this was followed by a number of short addresses by members, telling of their experiences during vacation times. Among those who spoke were Dr. R. O. Post, R. W. Smith, Truman Carter, Dr. Carl Black, Charles A. R. Stone.

Mrs. Chris Rufus who has been visiting with relatives in Kentucky, has returned to this city and is a guest at the home of her daughter, Mrs. A. W. Ruyle on South East street.

CONFERENCE MINISTERS TO FILL PULPITS OF COLORED CHURCHES

Simultaneous Services in Five Churches Sunday—Appointments Will be Read by Bishop Sunday Evening—Today's Program.

At the Friday evening session of the Illinois conference of the A. M. E. church there was presented the complete Sunday program, announcing the conference ministers who will fill the pulpits of the five colored churches of the city. Interest continues to increase in the daily sessions and the business of the conference is proceeding with good speed. Friday the ministers discussed the subjects of temperance and missions and in the evening observed the educational anniversary. Most of the business of the conference will be finished today, with the exception of the appointments which will be read at the last session by Bishop B. F. Lee.

Following is the Sunday program: Bethel A. M. E.—10:45, Bishop B. F. Lee; 3:00, Rev. J. Allen Viney; 7:45, Rev. G. F. David, presiding elder of the Danville, Ky. district. Mt. Emory Baptist—10:45, Rev. A. N. Webb of the Iowa conference; 7:45, Rev. Will J. Smith, Carmel. Second Christian—10:45, Rev. James H. Higgins, East St. Louis. Second Baptist—10:45, Rev. J. Will Summers, Alton; 7:45, Rev. J. H. Fisher, Madison. McCabe M. E.—10:45, Rev. Chas. Tinsley, Macomb; 7:45, Rev. J. H. McFall, Mounds. Bethel A. M. E. Sunday school, the Rev. H. W. Jameson, Decatur. Allen Christian Endeavor League, Rev. W. T. B. Harewood, Paris. The Rev. Will J. Smith of Carmel, Ill., was at the beginning of the sessions elected by his brother ministers official conference reporter and this post he has filled most efficiently.

Rev. N. G. McCracken of Springfield presided at the Friday evening session and Rev. J. H. Sydes, P. E. Cairo; Rev. J. W. Wiley, Danville and Rev. S. A. Hardison, Cairo, were heard in addresses. The principal speaker was Dr. A. H. Kennebrev, this city, who discussed in a very able and exhaustive manner the question of "Eugenic Marriage." Temperance discussion filled a great portion of the morning session Friday. In discussion of a report by Rev. T. H. Stoner, Bishop Lee expressed his own views and endorsed President Wilson and Secretary Bryan for their stand on the matter of liquor using. Dean Woodson of the Wilberforce college, Ohio, spoke against tobacco and Rev. S. P. Jones of Peoria introduced a resolution against soliciting money from saloon men. The Rev. S. L. Burt of Chicago told of mission work in the Chicago conference, and Rev. N. G. McCracken and Rev. W. H. Jameson spoke on phases of Illinois conference missionary activity.

Jacksonville relatives have received word that Mrs. J. H. Osborne of Chicago, who Wednesday morning underwent an operation for appendicitis in the Michael Reese hospital, is doing nicely and that a speedy recovery is expected.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the County Commissioners until 2 p. m. Saturday, October 10th, 1914 for the construction of 1200 cubic yards of open ditch on North Main street road. Bid must be accompanied by a certified check for 5 per cent of the total bid. Plans and profile may be seen at the office of the county superintendent of highways. Bids to be mailed to C. A. Boruff, county clerk, Jacksonville, Ill. and marked proposal for open ditch construction.

Closing out Breckon & Jenkinson stock of clothing and furnishings—sale now on.

EXEMPLIFYING SYSTEM.
Howard Read, a former resident of Jacksonville, but who is now associated with the Brown's Business colleges, is a visitor in Jacksonville. He is head of the Department system and has charge of exemplifying the work to the business men. He takes the books of a firm and shows them how they can be kept to a greater advantage. This work is done free of charge and is something originated by the college management.

Let Knoles show you the correct styles in men's clothing for fall wear.

Mrs. Geo. Shaw of 422 South East street is reported very ill.

Nothing reserved in closing out sale of Breckon & Jenkinson stock of clothing and furnishings. No. 12 West Side Square.

HORSE BREAKS HIP.

As Mrs. Thomas Swallow, South Diamond street, was driving towards town Thursday evening, she reined up the horse in order to talk to some friends, but made the stop so suddenly that the animal slipped and fell. Dr. Willerton was called and it was found that the horse had broken a hip. It had to be shot Friday morning.

LITTLE BOYS TAKE RIG AND RIDE TO NEW BERLIN

Police Find Them Tucked Away in
Bed at Home of T. Y. McLaughlin.
—Took Buggy and Horse From
Rack at High School.

Edward Chittick, aged 8 years,
and Milburn Debois, aged 9 years,
stole a horse and buggy belonging
to Arthur Dunlap, hitched to a rack
at the high school building, Friday
afternoon at 3:30 o'clock and drove
to New Berlin. They were apprehended
shortly before 10 o'clock at the
farm residence of T. Y. McLaughlin,
residing four miles north
of New Berlin.

Through the kindness of Fletcher
Hopper, Chief of Police Davis, Sargeant
Owen, and Officer Kiloran
went to the McLaughlin residence,
reaching there at 10:15 and brought
the lads back and they were kept
over night at the police headquarters.

The chief had telephoned to several
nearby towns and Springfield
asking their aid in locating the parties
who took the horse. Information
came to the local office from
Ed. Feifer, marshal at New Berlin.
The lads had evidently lost their way
and they passed three times the
residence of Mr. McLaughlin before
stopping. They asked for something
to eat and a place to stay over
night. Mr. McLaughlin put the
horse up, feed the boys and tucked
them away in bed, where they were
found when the officers arrived.

The lads at first said that some
older boys put them in the buggy
and then hit the horse, but after-
wards one of them confessed they
had knowingly taken the outfit. The
police believe they intended to come
back last night but lost their way.
The boys are both bright, clever
little fellows, who go to school and
probably when they started out had
no thought of doing anything but
take a country ride.

MISS MAUD SCHEERER DELIGHTS LARGE AUDIENCE

Re-titled Lecture on "The Helpmate"
Given at Grace Church Under Aus-
pices of the Free Kindergarten.

Miss Maud Scheerer appeared in
a Re-titled Lecture Friday night in
Grace church, as a benefit for the
Free Kindergarten. There was a
large and appreciative audience present
and Miss Scheerer proved herself
an entertainer of merit.

Miss Scheerer is not only a gradu-
ate of the Leland Powers School
of Expression but is a member of
the faculty. She has been filling
a number of engagements through-
out the west and is now on her way
home to Boston.

She presented last night "The
Helpmate," known as "The Her-
ford's," by Rachel Crothers. This
play deals with the "Woman's
Sphere" problem and contains many
types of women, a wife, who be-
comes absorbed in art, a wage earner
from choice and a wage earner
from compulsion.

The drama is one that abounds in
intense interest and afforded ample
opportunity for the reader to dis-
play ability as a delineator of char-
acter. The natural and dramatic
are most happily blended in all her
work, while humor has most genu-
ine treatment at her hands. Artistic
study has not marred her natu-
ralness and her pleasing voice, agree-
able manner revealed her remark-
able talents as a reader. Through-
out the drama was a great under-
lying truth which was brought out
in every detail by Miss Scheerer.

To an encore she graciously re-
sponded, giving a poem "My Ships."

AT THE GRAND.

An audience which was enthu-
siastic with applause greeted A. H.
Woods company presenting "Potash
and Perlmutter" at the Grand Op-
era House Friday night. The splen-
did comedy drama is woven from
the material in the famous Satir-
ical Evening Post stories by Mon-
tague Glass. The broad humor,
touches, the sprightly humor, the
pithy sayings and epigrams which
made the stories so popular char-
acterize the lines of the play also
and the audience was night con-
stantly found something to laugh
at which was more than mere fool-
ishness. The presenting company
was capable indeed and the reputa-
tion the play and the original cast
built up through months of suc-
cess in New York was not dimin-
ished here.

Briefly, the story of "Potash and
Perlmutter" deals with the trials
and tribulations of these two part-
ners of the cloak trade through
their generous championship of Bo-
ris Andreiev, a young Russian whom
the representatives of the Czar are
trying to drag back to the country
of his birth and to a life-time in
Siberia. They pledge their all to
go his bail and when, through the
ignorance of the law, he starts for
Canada to gain a respite from the
trickery of the Russian representa-
tives and the partners are in dan-
ger of forfeiting their business and
their homes the story takes a seri-
ous turn indeed. But Boris learns
through the newspapers of the dan-
ger to his benefactors and returns
in time to save them from ruin,
and to learn of his complete vindi-
cation of the charges against him.
Manager Johnson secured a high
class offering when he booked "Po-
tash and Perlmutter."

ICE HOUSE BURNED.

An ice house plant of New Berlin
was discovered on fire by the Jack-
sonville officers who went to New
Berlin last night to bring back the
boys who stole the rig belonging to
Arthur Dunlap. Parties were not-
ified in the town but nothing could
be done to save the structure. It
is believed that the fire was caused
by a passing Wabash train.

SOCIAL EVENTS.

Friends and members of Central
Christian church in large numbers
congregated Friday evening in the
beautifully decorated church par-
lors to extend their formal, but no
less heartfelt, welcome to the Rev.
and Mrs. Myron L. Pontius, who
came to the city a short time ago
from Peoria on Rev. Mr. Pontius'
acceptance of the pastorate here.
A number of ministers from the
Jacksonville churches were present
and after the season of greeting in-
formal talks were made by Dr. R.
O. Post, pastor of the Congrega-
tional church; the Rev. J. W. Miller,
of Grace M. E., and also by Capt.
J. M. Pinkston of the salvation ar-
my and Capt. J. E. Wright. The
speakers were introduced by C. B.
Graft, with Rev. and Mrs. Pontius
in the receiving line were also
the representatives of the various
church organizations. A. C. Rice
and Frank Byrns were in the line
as chairmen respectively of the
boards of elders and deacons. C. L.
Mathis represented the Sunday
school, H. C. Clement the ushers
of the church; Mrs. C. B. Graft, the
pastoral helpers; Mrs. J. S. Peck-
ham, Aid society number one; Mrs.
W. J. Fell, Aid society number two;
Miss Edith Carlson, the Christian
Endeavor and Mrs. S. Thornberry,
the C. W. B. M.

Salvias, cannas, palms and ferns
composed the decorations which
had been tastefully arranged by a
committee composed of Mrs. C. F.
Ehnie, Miss Lizzie Ratachak and
Mr. C. F. Ehnie. Presiding at the
punch bowl were Misses Hazel
Strawn, Mabel Forrester, Edith
Carlson, Amelia Carlson, Fern
Haigh and Lois Hayden.

Mrs. J. W. Hall, Miss Mabel For-
rester and Miss Alice Mathis took
part in a brief but excellent musi-
cal program. Mrs. Hall sang "The
Heart of Her" and "My Lovely
Rose" by Cadman and "De Las"
Rest" by Carle Jacob Bond. Miss
Forrester played on the violin, to
Miss Mathis' accompaniment, "Son-
of-the-Russia" by Kellar Bela.

The Salem Ladies' Aid society held
a birthday social at the pleasant
home of Mr. and Mrs. F. L. Green,
near Strawn's Crossing, Friday eve-
ning, a large crowd being present
and a neat sum realized for the so-
ciety.

Mrs. W. H. Harrison was chairman
of all committees. The house was
prettily decorated with flowers and
foliage and the evening was spent in
music and guessing contests. Earl
Cox and Elmer Nicholson won the
prizes in the portrait contests and
Miss Jessie J. Allen the prize in
guessing the names of baby pictures.
Miss Vivian Whitmer won the prize
in the art contest.

The members of the Domestic Sci-
ence club of Murrayville enjoyed a
very profitable day Friday, having
as their guests the members of the
Domestic Science club of Manches-
ter. A most excellent dinner was
served at the home of Mrs. J. H.
Spencer, when adjournment was
taken to the home of Mrs. Harry
Strang, where the following program
was carried out:

Roll call—Answers. "The Latest
Kitchen Improvements." Topic:
"What shall we eat, how shall we
prepare it, what shall we do with
that which is left over?"—In charge
of Mrs. C. R. Short.

Two instrumental duets—Mildred
Wright and Willard Wesner.

Two vocal duets—Mrs. C. R.
Short and Miss Mildred Wright.

Instrumental solos—Mildred
Wright and Willard Wesner.

Three readings—Miss Lucile Knox
of Manchester.

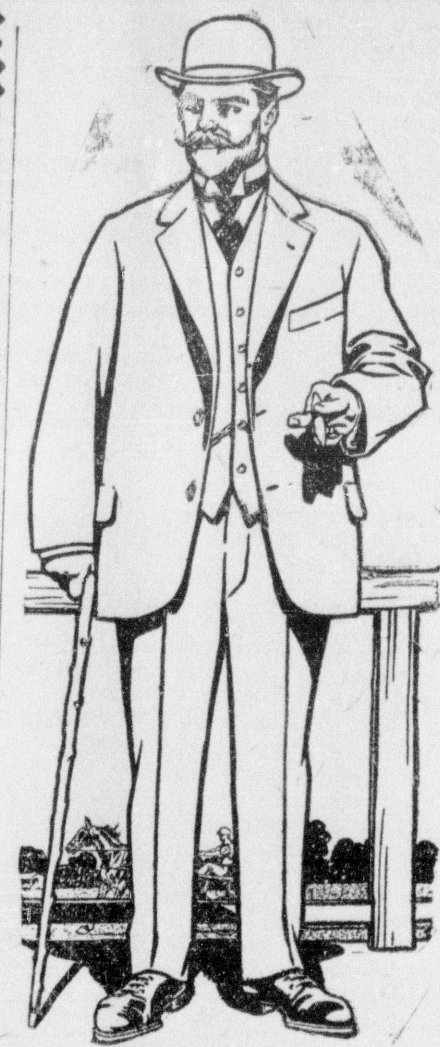

Three selections by the Short
children.

After the program light refresh-
ments were served. Both clubs are
in a flourishing condition and are
anticipating a profitable year's work.

Miss Marie Angelo entertained the
members of the Plus Ultra class of
the Murrayville Methodist Sunday
school at her home in Murrayville
Thursday evening. The members
brought their sewing bags and the
early part of the evening was spent
in doing fancy work. Later games
and music were enjoyed and in the
drawing contest the prize was award-
ed to Miss Mabel Hart. During the
evening refreshments were served.
Among those present were: Mrs. J.
L. Wyatt, the teacher; Misses Lois
Cunningham, Stella Cunningham,
Jessie Lovell, Mabel Hart, Emma
Scott, Ina Gibson, Sarah Jones and
Nell Rimbeay and Mrs. Alma Wright
and Mrs. Ruth Fuller.

GERMAN PAPER DENIES THAT RUSSIANS CAPTURED ZEPPELIN

Berlin, Oct. 2.—Via the Hague
and London.—The Thorne Gazette
contradicts the despatch from Pet-
rograd which asserted that the Ze-
ppelin which recently dropped bombs
into Warsaw was later captured by
the Russians. The paper says that
the German aircraft returned to its
home port intact. The Coburg Ga-
zette publishes an account dealing
with the latter days of July in which
it asserts that Emperor Nicholas
and his supporters had reached an
open rupture with Grand Duke Ni-
cholas and the latter's followers be-
cause of the peace attitude of the
Russian monarch who was anxious
to avoid war at any cost. Several
other Grand Dukes, the minister of
agriculture and Empress Alexan-
dra, the article says, did their best
to convince the war party that their
course was pregnant with grave de-
velopments. Meanwhile Grand
Duke Nicholas had ordered the mo-
bilization with out the consent of
the emperor. When the latter
heard of troops marching west, he
said that the Germans had in-
vaded Russian Poland and instigat-
ed a general revolution among the
Poles. The emperor then, accord-
ing to the Gazette's article, reluc-
tantly signed a mobilization order.

CAUTION AND RETRENCHMENT STILL HALT ENTERPRISE

Improvement in Financial Market,
Although Slow, is Steady—Several
Factors Contribute to Situation.

New York, Oct. 2.—Dun's review
tomorrow will say: "The abnormal
business condition created by the
war continues and caution and re-
trenchment still halt enterprises, yet
there is a significant growth of con-
fidence. Several factors contribute
to this situation. Undoubtedly the
improvement in the financial mar-
kets is slow, but it is steady and the
measures taken to permit limited
dealings in securities under string-
ent regulations, make at least the
partial opening of the London and
New York exchanges a nearer possi-
bility. Even the suggestion of this
event creates a better sentiment, so
much does all corporate enterprise
depend upon open security markets.
Another factor is the active export
movement of grain, which has a two
fold effect, as it adds greatly in re-
storing more normal conditions in
international exchange and contrib-
utes mightily to the prosperity of the
west by ensuring high prices for the
large crops that have been raised in
that section.

Failures for the week in the
United States were 415 against 254
last year and in Canada 60 against
53 last year.

Bank exchanges were \$2,151,-
488, 000, a decrease of 32.3 per cent
from a year ago.

MATRIMONIAL

Hampton-Davis.

Relatives have received cards to
the nuptials of Mr. Edmund W.
Hampton and Miss Lillian Cath-
line Davis to be celebrated Monday,
Oct. 5, in Montpelier, Idaho.

Mr. Hampton is the son of Mrs.
B. Y. Hampton of Salt Lake City.
He is a successful business man in
Montpelier, Idaho. It will be remem-
bered that he made a pleasant visit
with relatives and friends in Jack-
sonville during the Louisiana Pur-
chase Exposition of 1904.

The bride is the beautiful and ac-
complished daughter of Mr. and
Mrs. J. Davis of Montpelier, Idaho.
Mr. and Mrs. Hampton will spend
a month in Honolulu, after which
they will be at home to their friends
in Montpelier.

Cap'd-Wilson.
Merle Card of Missouri Valley,
Ia., and Miss Hattie Wilson of Ver-
sailles were married Wednesday
evening at the residence of Grant
Smart, 216 West Morton avenue.
The ceremony was performed by
Squire W. T. Dyer.

AMERICAN HOSPITAL SHIP RED CROSS ARRIVES AT FRANCE

Unloading of Supplies Begins at
Once—Admiral Ward Expects to
Sail for Rotterdam Tomorrow.

Bordeaux, France, Oct. 2.—The
unloading of the American hospital
ship Red Cross began soon after
her arrival in Pauillac Roads to-
day. Admiral Ward, accompanied
by John W. Garrett, drove into
Bordeaux. The admiral's unfamiliar
uniform with the decoration of the
legion of honor, which he wore,
aroused much interest. He was gen-
erally mistaken for a Russian gen-
eral.

The first visit of the Americans
was made to the Marquis de Vogue,
president of the French Red Cross
society, with whom they arranged
for the distribution of the supplies
consign to France. These supplies
making sixty carloads, will be
brought by rail to the central de-
pot in Bordeaux from which point
they will be distributed as neces-
sity requires. Six physicians and
24 nurses in the party will be sent
for the present, to Mont de Marsan.

Later the admiral called on Min-
ister of War Alexandre Millerand
and Foreign Minister M. Delcasse,
both of whom expressed, in the
name of the army and the nation,
cordial thanks for the humane and
practical aid of the sister repub-
lic. Admiral Ward said that he
hoped that the cargo of the Red
Cross would be unloaded by to-mor-
row night, in which case he would
sail for Rotterdam Sunday morn-
ing.

MONEY

When You Need It

That's the time you want it. Anybody will give you MONEY
when you don't need it. BUT—when you need it, watch these
friends fade away. THAT'S NOT OUR STYLE—we take the place
of these fickle, would-be friends and LOAN YOU the MONEY at
the right time, WHEN YOU NEED IT. You don't have to leave
any security with us, either; if you are a householder, that is guar-
antee enough for us that you will pay.
Come in and tell us how much you want. We LOAN any amount
from \$10.00 up. Most liberal terms of repayment allowed. Let
us tell you all about it. Come any time.
Write or phone 449 Ill. or call and we will explain our long time
easy payment plan.

GIANTS TAKE FOURTH FROM BOSTON EASILY

TAKE ADVANTAGE OF POOR
FIELDING OF NEW CHAMPS.

Tesreau Starts Wild, But Settles
Down and Pitches Fair Ball —
Pittsburgh Defeats Cincinnati —
Cards Win From Cubs.

New York, Oct. 2.—New York turned the tables on Boston today and easily took the fourth game of the series by a score of 11 to 5. The locals hit both Tyler and Coereham hard and took full advantage of the poor fielding of the new champions. Tesreau started very wild, but settled down and pitched a fair ball, striking out eight men. Score: Boston, AB. R. H. O. A. E. Moran, rf 4 1 2 2 0 0

Hits—Off Tyler, 3 in 3 innings; off Coereham, 6 in 5 innings. Time, 1:54. Umpires—Klem and Emslie.

Pittsburgh 2, Cincinnati 1.
Pittsburgh, Oct. 2.—Douglass allowed Pittsburgh only one hit, but the locals beat Cincinnati. The Pirates won the game in the ninth inning without making a hit. Score: Cincinnati 000 000 001—1
Pittsburgh 000 002 002—2
Batteries—Douglass and Gonzales; McQuillan and Smith.

St. Louis 5, Chicago 0.
St. Louis, Oct. 2.—Bunched hits in the sixth and eighth innings gave St. Louis today's game with Chicago. Perritt was steady in the pinches, keeping his hits well scattered. Score: St. Louis 000 000 000—5
Chicago 000 003 002—3
Batteries—Vaughn, Hagerman and Archer; Perritt and Snyder, Winzgo.

Mordcael Brown Defeats Baltimore.
Brooklyn, Oct. 2.—After sustaining numerous defeats since joining the Brooklyn Federals, Mordcael Brown won today by defeating Baltimore, the visitors making only four hits and getting their lone tally on a fumble by Holt in the ninth. Score: Baltimore 000 000 001—1
Brooklyn 000 030 004—3
Batteries—Smith, Connolly and Kerr; Russell; Brown and Watson.

CENTRAL STATES ELEVEN WILL GET INTO ACTION TODAY

Last of Leading Games on Schedule,
With 1913 Scores, Are Given.

Chicago, Oct. 2.—Leading football games on tomorrow's schedule in the Central states, with scores of the 1913 games, are:
At Ann Arbor: Case 0; vs. Michigan 48.
At Chicago: Indiana 7; vs. Chicago 21.
At Columbus: Ohio Wesleyan 0; vs. Ohio State 58.
At Urbana: Illinois vs. Christian Brothers.
At Madison: Lawrence 7; vs. Wisconsin, 56.
At Lafayette: Wabash, 0; vs. Purdue, 26.
At Minneapolis: North Dakota, 0; vs. Minnesota, 39.
At Evanston: Lake Forest, 0; vs. Northwestern, 10.
At Iowa City: State Teachers, 3; vs. Iowa, 45.
At Notre Dame: Alma, 0; vs. Notre Dame, 62.
At Lansing: Olivet, 0; vs. Michigan Aggies, 26.
At Columbia: Rolla, 13; vs. Missouri, 44.
At St. Louis: Millikin vs. St. Louis.
At St. Louis: Shurtleff vs. Washington.
At Ames: Coe vs. Ames.
At Lawrence: William Jewell, 0; vs. Kansas 7.
At Lincoln: Washburn, 0; vs. Nebraska, 19.
At Cleveland: Kenyon, 7; vs. Western Reserve, 17.
Practically every first class football team in the central states will get into action tomorrow. Every one of the "Big Nine" eleven, the Missouri alley squads and Michigan, Notre Dame and the Michigan Aggies will mingle in the fray.

Cleveland fans enjoy themselves cheering the Naps whenever an error is made. All a player on a ball-end team has to do is to look happy while living a dog's life on the diamond,

BREAKS WORLD'S MARK FOR A SEVENTH HEAT

R. H. BRETT SETS NEW RECORD
IN COLUMBUS

Beth Clark Wins the 2:07 Pace,
Which Requires Four Heats.

Columbus, O., Oct. 2.—Grand Circuit racing in Columbus was completed today with a program better than the usual get-away one. In the final heat of the 2:05 pace, R. H. Brett established a new world's record for a seventh heat which he won in 2:05 1-2. Five heats of this event were decided Thursday. The former seventh mile mark was 2:06 3-4, being made by Walter Cochato.
Beth Clark, owned in Columbus, won the 2:07 pace, which required four heats. She was about an equal choice with Major Ong, who made all the others trail with a time of 2:03 1-2 in the third mile. In the fourth heat, a call for a sprint home was not answered by him.

Summaries:
2:05 class pace, 3 in 5, purse \$1,200—5 heats Thursday:
R. H. Brett (Osborne) 6 5 2 4 1 1
Minnie Chime (McVay) 5 2 1 1 2 2
Lowando (C. Valen) 2 1 4 2 3 4
Our Colonel, Del Rey and Harry the Ghost also started.
Best time: 2:04 1-4.
2:10 class trotting, 3 in 5, purse \$1,200—3 heats Thursday:
Wilgo (Marvin) 5 1 2 1 1
Judson Girl (Cox) 2 7 1 2 2
The Wanderer (Macey) 1 2 4 4 4
James W. Vanity Oro, Stafford and Tommy Finch also started.
Best time: 2:07 1-4.
2:12 class trotting, 3 in 5, purse \$1,200:
Fair Virginia (Cox) 2 1 1 1
Mirtful (Murphy) 1 2 2 2
Rehomere Vanko and Florence Vincent distanced.
Best time: 2:08 1-4.
2:07 class pacing, 3 in 5, purse \$1,200:
Beth Clark (C. Valentine) 1 1 4 1
Major Ong (Murphy) 3 3 1 3
Aloy G. (Widney) 4 2 2 2
Frank Patch (Mansfield and Wal Gray also started.
Best time: 2:03 1-2.
2:08 class trotting, 3 in 5, purse \$1,200:
May Mack (Deryder) 1 1 1
Reusens (Geers) 2 2 3
Oakdale (McDonald) 3 3 2
Best time: 2:06 1-2.
To beat 2:19 trotting:
Zomodotte (Patterson) won
Time: 2:11 1-4.
To beat 2:30 trotting:
Sydney Forbes (Patterson) won
Time: 2:06 1-4.
To beat 2:19 1-4 trotting:
Willow Mack (Brown) won
Time: 2:10 1-2.

Fred Beck of the Chicago Feds received a personal invitation to attend the National association meeting at Omaha in November. Perhaps the minor leaguers overlooked the fact that Fred is a Federal leaguer.

Score by innings—
Washington 210 000 000—4
Philadelphia 000 021 000—3
Three-base hit—Thompson. Home run—Gandil. Sacrifice fly—Gandil. Stolen bases—Acosta, McBridge, Harper. Kopf. Double play—Jensen, Crane and Moore. Bases on balls—Off Harper 5, off Jensen 2. Struck out—By Harper 12, by Jensen 1. Time, 1:37. Umpires—O'Brien and Evans.

Boston 11, New York 5.
Boston, Oct. 2.—Hard hitting by Boston and numerous errors by New York enabled the locals to win. Brown was replaced by Cole in the box for New York during the sixth inning, after he had been found for three doubles, two triples and six singles. Score: New York 000 002 012—5
Boston 200 403 112—11
Batteries—Brown, Cole and Nunamaker; Ruth and Cady.

Chicago 5, St. Louis 1.
Chicago, Oct. 2.—Roth's triple in the fourth inning, following singles by Blackburn and Collins, clinched the first game of the farewell series for Chicago today with St. Louis. Wolfgang pitched in fine form. Score: St. Louis 000 010 000—1
Chicago 010 301 000—5
Batteries—James, Leverenz, Hoch and Agnew; Wolfgang and Schalk.

SPECIAL SERVICES.

The Central Christian church will have one special service each month during the year. These services will be held at the evening hour of worship, 7:30 o'clock. The service will feature special music and a sermon on some special theme.
The first of these services will be held on Sunday evening, Oct. 4th at 7:30 p. m. This will be a patriotic service observing President Wilson's proclamation setting aside this day for prayer in behalf of universal peace. There will be special music under the direction of Mr. J. Philip Read and a sermon by the pastor, Rev. M. L. Pontius, on the Peace of Peace. A large attendance is anticipated and a general invitation is extended to those who are not attending church elsewhere.

Abe Attell is to get a chance to win back the featherweight title when he meets Champion Johnny Kilbane at Vernon on Oct. 16.

WOMAN ON THE BATTLEFIELD.

What She gives to a Nation.

Shall we say that women contribute only the bandages, the nursing, cheering and comforting the wounded? No. They contributed the fighters! What sort of help and inspiration can a woman be who is feeble and broken-down by diseases and weaknesses peculiar to her sex. Can she hope to be a capable mother or an efficient wife?
The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.
It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.
Why should any woman continue to worry, to lead a miserable existence, when certain help is at hand? What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed day at any medicine dealer in either liquid or tablet form. In the meantime address Doctor Pierce Invalid's Hotel, Buffalo, N. Y., and simply write "Dear Doctor: Please send me without charge further information," and you will receive the advice of a Physician Specialist absolutely free; 136 page book on women's diseases sent free.

garet Hittington will appear before
the end of the season in a new play
of a serious nature written for her
by Henry Arthur Jones.

WORLD'S MARKET NEWS

PRICE OF WHEAT CONTINUES TO FALL

Lack of Speculative Buying
Counts Heavily Against Values
—Close Is Nervous

CORN DROPS WHILE OATS GAIN

CHICAGO, Oct. 2.—Notwithstand-
ing that bread stuff exports for the
week from Atlantic ports were the
greatest on record, the price of wheat
today continued to fall. Lack of
speculative buying counted heavily
against values. The market closed
nervous, 1/4c lower last night.
Corn finished 1/4c to 1/2c down,
oats 1/4c up and provisions off 1/2c
to 3/4c.
Nearly 10,000,000 of wheat, it was
announced, left for Europe this week
from the eastern seaboard of the
United States and Canada, a total
almost 4,000,000 bushels larger than
for the corresponding time a year
ago. The fact was mainly responsi-
ble for hitting the market tempo-
rarily 1/4c above yesterday's close,
but the depression which had pre-
vailed earlier set in again and near
the end of the day there was virtu-
ally no buying except from shorts.
Corn followed the action of wheat.
Clear cool weather tended to favor
the bear side and so, also, did slow-
ness of cash demand assertion that
1,000,000 bushels of oats had been
sold here for export, held the oats
market strong in the face of the
weakness of other grain.

New York Money Market
New York, Oct. 2.—Close—Mer-
cantile paper, 1 per cent; sterling
exchange steady; for cables, 496.75
@ 497.25; for demand, 496.75 @
496.25; bar silver, 52 1/2c.

New York Grain Market
New York, Oct. 2.—Wheat—Spot
easy; No. 2 red, \$1.00; No. 2 hard,
\$1.04; No. 1 northern Duluth,
\$1.07; No. 1 northern Manitoba,
\$1.10 nominal off Duluth. Futures
were steady for the October position
on export sales, but May was weak
in sympathy with the outside mar-
kets; Dec. \$1.17; May, \$1.21.
Corn—Spot easy; No. 2 yellow,
80c nominal to arrive; Argentine
strictly prime, 80c nominal deliv-
ered.
Oats—Spot easy; standard white,
50 1/2c @ 51c; No. 3, 50 1/2c @ 50c.

Minneapolis Grain Market
Minneapolis, Minn., Oct. 2.—
Wheat was 1/4c lower in the early
trading. Receipts 726 cars, com-
pared with 494 a year ago.
Cash wheat—No. 1 hard, \$1.07; No.
1 northern, \$1.04 @ 1.06; to
arrive, \$1.04 @ 1.06; No. 2 north-
ern, \$1.01 @ 1.03; No. 3 wheat,
95 1/2c @ \$1.00.

St. Louis Livestock Market
Receipts 6,700.
Market 5 @ 10c lower.
Pigs and lights \$7.50 @ 8.60
Mixed and butchers' \$8.35 @ 8.65
Good heavy \$8.50 @ 8.50

The New Baby is World's Wonder

Every infant makes life's perspective wider and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the real helpful things is an external abdominal application known as "Mother's Friend." There is scarcely a community but what has its enthusiastic admirer of this splendid embrocation. It is so well thought of by women who know that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons.

Those who have used it refer to the ease and comfort experienced during the period of expectancy; they particularly refer to the absence of nausea, often as prevalent as a result of the natural expansion. In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women for more than two generations. This book was prepared not only to aid the inexperienced but to enable so many women to have at hand the timely hints, suggestions and help in concise and neatly printed form for ready reference. It should be in all homes.

"Mother's Friend" may be had of almost any druggist but if you fail to find it write us direct and also write for book to Bradford Regulator Co., 503 Lamar Bldg., Atlanta, Ga.

What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Cause the laxative bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with watery, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists.

ILLINOIS FREE HIGH SCHOOL LAW AS EXPLAINED

Measure has Brought Benefit to Many But It's Not Yet Meets All Needs.

(By H. A. Hollister, High School Visitor, University of Illinois.)
The general character of the public high school naturally led in its early development to its confinement chiefly within city and town school districts. This limitation, which was due not to the real intent and purpose of the law establishing our common school system, but rather to distribution of population, has for many years left the children of rural districts, including very many villages, in the State of Illinois without the privileges of a free high school. Several attempts have been made in the past at legislation calculated to remedy this condition. Nothing effectual was accomplished, however, until the legislative session of 1913, when there was passed a free tuition law intended to remedy this situation. This law, in substance provides that dist's not maintaining high schools shall pay the tuition of such of the children of the district of high school age as desire to attend the nearest four year high school. The tuition to be paid is not to exceed, in any case, the actual per capita cost of tuition in the school attended.

In order to make such a law constitutional it was necessary to insert in the clause requiring such payment the phrase: "from funds not already appropriated." This necessity is based upon the fact that our constitution places a limitation upon the amount which may be levied for school purposes on the property of any district, and it is a well known fact that there are not a few school districts in the state which are so situated that they are scarcely able to get sufficient funds under this limitation to operate elementary schools, to say nothing about the extra burden which would be involved if they were to undertake to pay the tuition of those who might wish to attend high schools in other districts. Thus, while it is true that the law of 1913 providing for free tuition of children from non-high school territory is by far the best provision we have ever had in the state looking toward putting the high schools on a free basis for all children, yet there are still those for whom the law is ineffective. However, it is not likely that the people of the great state of Illinois will long permit such an unjust discrimination against those children who happen to be borne in communities not able to maintain high schools, or not even able to pay the tuition for high school training to districts where such high schools are maintained. It is a fundamental principle of our system of public education that schools shall be maintained at public cost for all the children of the state. This is because of public necessity, and not for the benefit of individuals primarily. This being true, no one could maintain for a moment that some of the children of the state should be deprived of the more advanced education for which the high school grades stand, while other children, because they happen to be more favorably located, enjoy such privileges. It should be the part of every thoughtful citizen and of every legislator, therefore, to seek remedy even to the present excellent law which shall make the high school, as an integral part of our common school system, free to every child who shall be able to attend.

This new law had not long been in operation before other defects were also observable. The most notable of these is found in the fact that there are many high school districts established under the township and union district laws of the state, which do not include whole common school districts in every case. In other words, the law is found in many of these townships districts fractions of elementary school districts. Now the fraction of these districts included in the township districts pay the regular levy for support of township high schools, but for children residing in fractions, not included in the high school districts they would also be compelled, under the law of 1913, to pay the regular tuition thus making a duplication of taxation upon the property of all those people residing in the fractions of districts included within the high school district. This would evidently be unjust and unconstitutional.

The best remedy that thus far has been suggested for both the defects above indicated is to be found in legislation something like that in force in the state of California. In that state all non high school territory in a given county is taxable for the payment of tuition of such pupils as may attend high school from that non high school territory. The fund thus created is distributed to the high schools attended by the children from such non high school territory according to the actual cost of tuition in these schools as certified by the school authorities. In this way, the cost of the tuition is so distributed that it is not likely to cause the hardship referred to for districts unable to pay after they have levied to the constitutional limit. At the same time, it is distributed over such an area that the amount of tax is comparatively insignificant and is not felt as a burden by any of the people of the community. It also provides definitely for a levy upon non high school territory only, thus avoiding the duplication of tax as referred to in the case of the Illinois law. The enactment of some

QUESTIONS AND ANSWERS

J. H. L., Chicago, writes:
"Please give me information concerning the eradication of Canada thistle."

Answer—The first thing we have to remember in treating Canada thistles, is that we must know the habits of the plant. As you probably know, it spreads by long creeping root stocks which go very deep into the ground. In the northern part of the country, it also spreads by seed, but it makes very little seed so far south central north Illinois. Therefore, in order to kill the plant, which is a very persistent perennial, we must simply follow some continuous process by which we keep the plant from producing any leaves, thus curtailing its ability to make food to keep the roots alive. The top of the plant serves much the same purpose as the lungs of animals, so that if the plant is continually deprived of that vital part, it will soon die.

You will need to plow shallow and cultivate frequently during the summer. After plowing, the soil should be dragged and the roots exposed to the sun, and as many of them removed as possible. Be careful not to cultivate the part of the field which is infested with thistles at the same time that you do the other parts of the field, because these roots, wherever they may stop and find moist dirt, will immediately commence to grow and make new plants. After this cultivation you will need to run over the field frequently, probably with the hand hoe, to cut off all stray plants that appear.

Some chemicals have been suggested for the destruction of this plant. Sodium arsenite is the only one that is recommended as able to entirely destroy the weed, but this is rather a dangerous chemical to use. Should you desire to use it, however, it is applied at the rate of one and a half to two pounds to 52 gallons of water. Other chemicals that are used are carbolic acid and sometimes sodium chloride (common salt). These will not completely destroy the plant, however, because it will sprout out again below the place where the chemicals injured it.

If the plants are in pasture land, some men have suggested that large quantities of salt be sprinkled around them, covering them, and that the stock be allowed to use this as their salting ground. I think if you have a patch of thistles, the best way will be continuous cultivation as we have suggested. The principal reason that many farmers find it hard to eradicate thistles is that they do not follow up their initial efforts by consistent work. As has been quoted before, "There is no royal road to this 'le eradication.' If you understand the basic principle of keeping down the top growth, I think you will have no trouble in getting rid of them."

There are several publications that you will probably be able to get which contain complete accounts of methods for eradication of this pest. Two of these are Farmers' Bulletin No. 545, United States Department of Agriculture, entitled, "Controlling Canada Thistles," and Circular of Information, No. 19, Wisconsin Agricultural Experiment Station, Madison, Wisconsin—L. Hegnauer, Crop Production, University of Illinois.

C. H. C., Loami, Ill., writes:

Best way to plant soy beans concerning the best way to plant soy beans in rows about 28 to 30 inches apart. They will probably yield a little heavier when drilled closer, but we need to have the rows about that distance in order to give them good cultivation. The weeds are usually very bad in the beans and will reduce the yield. In good clean ground closer planting would possibly yield a little more.

The sowing of soy beans in corn at the last cultivation theoretically is good practice. It does not, however, work out so well practically because the ground at that time of the year is usually dry and the beans meantime do not make sufficient growth to pay for the seeds. If the season is favorable, one can get splendid growth and the crop will easily pay. We have had beans that were 18 inches high in the corn when planted at the last cultivation. Many times, however, they were not over three or four inches high at the close of the season. This occurs of course during dry weather. If one gets sufficient growth it would make splendid pasture for sheep. Sheep should be put in the corn in September. They could then pasture the beans as well as strip the leaves from the corn.—L. Hegnauer, Crop Production, University of Illinois.

ELECTION OF CHAUTAUQUE DIRECTORS.

There will be a meeting of the Jacksonville Educational Festival and Chautauque Association, consisting of the subscribers for tickets to the 1915 Chautauque, at the Court house, next Monday evening, October 5th, at 7:30 o'clock. The object of the meeting is to elect three Directors and to transact such other business as may properly come before the meeting.

A. C. Rice, Secretary.

such legislation would give to every child in Illinois the possibility of free schooling throughout the elementary and the high school grades. This is what was evidently contemplated in the framing of our general school law as it has been interpreted by numerous decisions of the courts.

NEW DISEASE FOUND IN ALFALFA AND CLOVER

Is Receiving Attention in All Parts of the United States—Plants Show Dead Brown Stems.

This new disease of alfalfa and clover is now attracting considerable attention in the United States. All interested in these crops read the statements by Ethel C. Field given below:

If any plants suspected of the disease are found, send them to the following address: F. L. Stevens, Plant Pathologist, University of Illinois, Urbana, Illinois.

Careful examination will be made of all specimens received and a report made to the sender. A serious disease of alfalfa known as crown-wart has recently been discovered in the United States. In European literature this disease is generally known as crown gall. Crown-wart has been here substituted in order to avoid confusion with the bacterial crown-gall. Bacterium tumefaciens which is widely distributed in this country on a variety of hosts. It is caused by the fungus, Urophlyctis alfae (Laserth) M. ga. It is known to occur in South America and in Europe, and at present it has a rather limited distribution in this country.

The Disease. In the field badly diseased plants exhibit brown, dead stems among which may be seen a few weak stems bearing yellow leaves, which finally dry, and fall off. The chief diagnostic character, however, is the gall or wart formation resulting from the stimulus of the parasite in the host at the base of the stem. (See Fig. II.) Occasionally they may be found on the stem several inches up.

The galls are usually irregular in shape and vary in size from small lumps to warts as large as a man's fist. The surface of the wart has a coral-like appearance due to the presence of many small nodules the size of a pea or less. From these nodules emanate many thread like

Formation Resulting from Stimulus of Parasite in Host at Base of Stem.

root hairs. Upon cutting through this hypertrophied tissue many small, irregular cavities filled with a dusty, brown mass, resting spores, may be seen with the naked eye. The spores are brown, spherical and about 40 microns in diameter. European observers state that the disease seems to be restricted to wet ground, seldom appearing on the drier land. From the investigations of P. J. O'Gara it would seem that this was not true for this country at least as he found that the disease was as serious in the best drained sandy loam and gravel soils of the Rogue River Valley district, Oregon as in the heavy, poorly drained "sticky" soils. Very few experiments have been conducted in cross inoculations on other crops or in methods of control. Salmon in England in 1907 reports the results of inoculations on mangold, beets, potatoes, and alfalfa. Diseased material obtained from Kent, England during the winter of 1905-6 was kept dry in the laboratory during winter. In the spring the warts were first soaked in water and then thoroughly ground. An examination made under the microscope showed that many of the resting spores were present. Six plants and six controls of each kind were planted in 9 1/2 inch pots. These were sunk in the ground in the experimental field and two inoculations made at different times, the first just as the shoots appeared above ground and the second when the plants were full grown. Each time spore-inoculated water was poured over the crown of the roots and into vertical borings which reached to half the depth of the pot. In November all the plants were examined. On five out of the six inoculated lucerne plants a number of "galls" had been produced. In two cases the attack of the fungus had been so violent that the lucerne plant was actually killed. No forerunners of "galls" occurred on the "control" lucerne plants, nor on any of the inoculated or "control" plants of mangold, beet or potato.

Dr. Korff, of Bavaria, reports the presence of warts on clover plants

which had grown on an alfalfa field. In the same article, he states that lying the ground is said to control the disease.

There has been considerable controversy concerning the taxonomy and life history of the casual organism. Urophlyctis (this Alfalfa fungus) belongs to one of the lower groups of fungi and contains a number of species parasitic on cultivated plants, among which is U. leproides which causes a tumor of sugar beets. No mention has been found in literature regarding the viability of the spores, but it is reasonable to expect that they may live for years in the soil, as do many species of the same group.

Distribution. Crown-wart was first collected in 1892 at Latacunga, in the Andean region of Ecuador. It is probable that the disease is not restricted to this district, but may be found in other countries of South America as well. In 1902 Magnus reported it from Basel and Colmar, Alsace, Germany, as being destructive to cultivated alfalfa. It is thought that the disease was imported there from South America. It has been reported from certain localities in Switzerland, and in 1905 Paglion reported its occurrence in Italy at Saletto. Salmon reported one case from Herne Bay, Kent, England. The land from which the alfalfa plants were taken had been planted in 1899, and in 1905 it was noticed that many of the plants were beginning to die. Korff reported it at Aisenz, Bavaria, in December, 1907.

The first record of its appearance in the United States was made by Elizabeth Smith, who observed it in California in 1909. It occurred in Yolo and Stanislaus counties. The same year McCallum reported it from Arizona as seriously checking the growth of the plants. In 1911 specimens were collected by P. J. O'Gara in Oregon, near Medford, and by H. S. Jackson in Josephine and Jackson counties, Oregon. In 1912 specimens were sent to the U. S. Department of Agriculture for examination from Redding, Cal., and in 1913 and 1914 from Chico, in the same state. In 1914 O'Gara reported its occurrence in the Salt Lake Valley, Utah. How and whence the organism was introduced into the United States is not known. In all probability the spores of the fungus were brought in with seeds coming from infected areas in South America or Europe.

Treatment. Until more extensive experiments have been conducted in methods of control rotation is the only measure that can be recommended. So far as is known clover and alfalfa are the only crops affected, and there seems to be some doubt as to whether clover is susceptible to the alfalfa organism. Care should be taken not to plant seed coming from infected areas.

SOME WAR EFFECTS FROM FOREIGN VIEWPOINTS

(Correspondence of the Associated Press.)

London, Sept. 15.—War enthusiasm has caused all manner of military organizations to spring into being, among them the sportsmen's battalion of 1300 members which Edward Cuncliffe-Owen, the twenty-third direct descendant of King Edward III, is engaged in forming. It is to be exclusively made up of men of gentle birth between the ages of forty and forty-five—men whose habits and associations are so firmly fixed that they would not feel at home with the youngsters. Fox hunters, trained to the horse, and daring, stand highest in the list of those invited to join. Grouse shooters, hardened by long tramps over the moors and quick with the gun, are strong rivals. But even the confirmed golfer is in demand, for golfing implies a cool head and steady nerves.

Some of the recruits have given funds and placed their motor cars at the disposal of the battalion. As soon as the command is pronounced ready for service by the war office, it will be attached to line regiment and sent to the front.

(Correspondence of the Associated Press.)

Melbourne, Australia, August 29.—Unaware of the outbreak of the war and wholly unsuspecting of the reception awaiting him, the captain of the German cargo steamer Wildenfels brought his vessel serenely through Port Phillip Heads, a few days ago on his way from New York to this port. Upon reaching the examination area in large harbor the vessel was slowed down, and to the utter astonishment of the skipper, the Probst, an armed guard sprang aboard and enlightened him, and his crew, and took charge of the ship. Probst was the more astonished because his vessel was equipped with wireless and he had been in communication with shipping when crossing the southern ocean. This wireless was subsequently dismantled by the authorities here. The Wildenfels, which belongs to the Hansa Line of Bremen left New York June 29, and apart from a short call at Casotown came direct to Melbourne. She has about 8,000 tons of cargo on board. A similar unpleasant surprise was given the captain and crew of the German-Australian cargo steamer Berlin at Sydney. She came from Hamburg via the Cape of Good Hope, but was not provided with wireless.

AD. MEN MEET IN DETROIT.

Detroit, Mich., Oct. 2.—A largely attended convention of the Affiliated Advertising Clubs of America assembled in Detroit today and will continue in session through the remainder of the week. Delegations of advertising men, publishers, merchants and manufacturers are here from Chicago, Toledo, Indianapolis, Cleveland, Buffalo, Rochester and a number of other cities.

ANNOUNCING The New Typewriter OLIVER No. 7

WE ANNOUNCE AN AMAZING MODEL—THE OLIVER No. 7—a typewriter of superexcellence, with automatic devices and refinements that mark the zenith of typewriter progress. A marvel of beauty, speed and easy action. Typewriting efficiency raised to the nth power.

The OLIVER No 7 embodies all previous Oliver innovations and new self-acting devices never before seen on any typewriter. A leap in advance which places The Oliver ten years ahead of its time. So smooth in action, so light to the touch, so easy to run, that experts are amazed. A model that means to the typist delightful ease of operation.

A model that means a higher standard of typewriting, longer and better service.

The No. 7 is now on exhibit and sale at all Oliver Branches and Agencies throughout the United States.

The new model has more improvements, refinements and new uses than we can even enumerate here. The "Cushioned Keyboard" with "anchor keys" and the new automatic features mean less work for the hands, less strain on the eyes, less manual and mental effort.

With all of these masterly mechanical improvements we have made the machine more beautiful and symmetrical. From every standpoint the OLIVER No. 7 attains superlative excellence.

Nothing you could wish for has been omitted. The new devices, refinements, improvements and conveniences found on the No. 7 represent an enormous outlay and vastly increase its value—the price has not been advanced one penny. We shall

even continue in force our popular 17-Cents-a-Day purchase plan, the same as on previous Oliver models. The OLIVER No. 7 is equipped with Facsimile Printtype. If desired, without extra charge.

You owe it to yourself to see the new machine before you buy any typewriter at any price. Note its beauty, speed and easy action, its wonderful automatic devices. Try it on any work that is ever done on typewriters. Try it on many kinds of work that no other typewriter will do.

I is a significant fact that the typewriter that introduced such epoch-making innovations as visible writing, visible reading, Printtype, etc., should be the first to introduce automatic methods of operation.

The OLIVER Typewriter Co.
812 Pine Street, ST. LOUIS, MO.

**C. W. B. M. BEGINS WORK FOR YEAR
WITH PROFITABLE MEETING FRIDAY**

Central Christian Church Women
Look Forward to Successful
Twelve Months—Elect Officers
and Discuss Interesting Topic.

The themes for study during the next twelve months and the election of officers for the year ensuing were among the subjects considered by the members of the Christian Women's Board of Missions at the October meeting of the local organization 2:30 o'clock Friday afternoon at Central Christian church. "The Far Reach, Service Through Intercession" was the subject of the afternoon. Mrs. S. Thornberry spoke of the possibilities for good in this year's C. W. B. M. work and Mrs. A. G. Burr read a well written paper on "The Child in the Midst". The meeting was led by Mrs. Clarence Rice.

Following are the officers, the same for the most part as the 1913-1914 list:

President—Mrs. S. Thornberry.
Vice president—Miss Eleanor Thompson.

Treasurer—Mrs. Rawlings.
Secretary—Miss Frances Grassly.
Junior Superintendent—Mrs. R. L. Pyatt, assisted by Mrs. M. L. Pontius and Miss Lois Hayden.

Following are the division superintendents: C. Mrs. Clarence Rice; W. Mrs. W. J. Fell; B. Mrs. Thomas Martin; M. Mrs. S. P. Carter.

FUNERALS

Coogan.

The funeral of Mrs. Susie Coogan was conducted from the residence of Wesley James, 523 South Main street, Friday afternoon at 2 o'clock, in charge of Rev. Percy W. Stephens, of the First Baptist church.

Music was given by Miss Sophie Morris and the flowers were cared for by Mrs. D. E. Kennedy and Miss Mollie Dunbar. Interment was made in Diamond Grove cemetery and the bearers were Clifford James, Lloyd James, D. E. Kennedy, Ray Packard, Wesley Olyrd and Bert Olyrd.

Carroll.

Funeral services for Mrs. Katherine Carroll of East College street were held Friday morning at 9 o'clock in the Church of Our Savior, in charge of Rev. J. W. Crowe, who celebrated requiem high mass in the presence of a large assemblage of friends and neighbors of this remarkable woman.

The remains were buried in Calvary cemetery and the bearers were D. S. Sweeney, James Harrigan, Edwin Keating, John Merrigan, Daniel Keating and Jeremiah Clancy.

Among those from out of the city attending the services were M. J. Morrissey, a nephew from Worcester, Mass.; Thomas Cody, Mrs. Johanna Cody, Mrs. William Ragans and Mr. and Mrs. Joseph Roth, all of New Berlin.

COLLIDES WITH CAR.

A collision took place Friday morning between the North Main street car and a coal wagon belonging to the Snyder Ice & Fuel Co. as the car was rounding the curve at the northwest corner of the square. Leonard Hair, the driver, was knocked from the seat but suffered only minor injuries.

JUSTICE COURTS.

The case of the people vs. L. F. O'Donnell, charged with grand larceny, has been set for October 6th, at 9 o'clock in Squire Dyer's court. The complaint was made by Thomas Tobin. A replevin suit brought by the same party against Mr. O'Donnell is to be tried in Squire Dyer's court today.

Tobin recently was proprietor of the "Auto Inn" and in the purchase of "Michelin" tires, L. F. Henry was his guarantor. When Tobin left Jacksonville recently to take a position with an automobile specialty company in Chicago he wrote Mr. Henry a letter stating that he would turn the tires on hand over to him and that he (Henry) would be responsible for the bill Tobin owed them. It seems that Tobin owed Mr. O'Donnell for supplies and also damages to a car which he (Tobin) drove recently. Mr. O'Donnell went to the Inn and took possession of three tires in an effort to square up the amount Tobin owed him. Mr. O'Donnell claims that Tobin promised to turn the tires over to him.

**PYATT TWINS WILL BE
SEEN IN FOOT BALL TODAY**

Specily Athletes Join High School
Team Which Plays This After-
noon Against Hannibal High.

Stock in the Jacksonville High school went up several notches yesterday when it was announced that Edwin and Julian Pyatt would be seen in the game which Jacksonville High has this afternoon at 2 o'clock on Illinois field with Hannibal Mo. High.

The local lads are planning to give the visitors a merry chase for the honors and with an even break ought to be able "to show" the lads from Missouri who's, who. While the game is new to several men on the team, the bunch has been showing some good form in their practice games against the Illinois college eleven, and with two weeks more practice ought to round in shape, that will make the coming

James brought with intense interest by local followers of the career of the pig skin chasers of the J. H. S. Great things are expected this year from Capt. Killbrow, who last year was chosen as the full back on the All Star state team. "Killy" is in splendid condition and is gaining speed every day. "He is a player that any college team should be proud to own, let alone a university squad."

The students have formed a Rooters Club and they are expected to give the team good support this afternoon. The game is called earlier in order to let the Hannibal boys catch the evening train back home.

Right prices, right styles, right qualities, you will find all of these characterize Knoles' clothing.

AUTOMOBILE NOTES.

T. N. Bush of Murrayville was a business visitor in Jacksonville Friday. He made the trip in his Abbot-Detroit car.

Mr. and Mrs. T. O. Graves from the Liberty neighborhood, came to town in their Mitchell "six" car yesterday.

Miss Stella Flynn of Clements and her friend, Miss Marie Kelly, of Litchfield, have gone to Mt. Sterling for a visit with Miss Regina Fitzsimons. They are traveling in their Mitchell car.

The new fall styles in men's hats are ready. Knoles.

TO FORM B. Y. P. U. ASS'N.
Delegates from the Baptist Young People's societies of the Morgan and Scott county association will meet Sunday afternoon at 3 o'clock at the First Baptist church for the purpose of forming an Association Union of B. Y. P. U. in the two counties. Mr. John Ruthven, general secretary of Chicago B. Y. P. U. association will be present and aid in the organization.

STRAIGHT FORWARD TESTIMONY

Many Jacksonville Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 30,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Jacksonville readers should take fresh courage in the straightforward testimony of a Jacksonville citizen.

J. B. Seaver, blacksmith, 246 East North street, Jacksonville, says: "I have used Doan's Kidney Pills with fine results and I am pleased to recommend them. I had pains in the small of my back, especially when I tried to straighten after stooping. I used Doan's Kidney Pills and they stopped the pains. They also regulated the action of my kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that M. Seaver had. Foster-Milburn Co., Props., Buffalo, N. Y.

Johnson, Hackett & Guthrie**Butterick Dressmaking School**

Begins Monday at 9 o'clock

A Wonderful Opportunity if You Act Promptly

Here's a chance for every woman who loves to be well dressed. We've arranged to hold special sessions of The Butterick School of Dressmaking at our store for a limited time only. A Butterick teacher will give you personal attention and show you all the latest methods of the great New York and Paris modistes. You will be making smart dresses for yourself all the time you are learning.

Act now. Call at our Butterick Pattern Department for particulars.

Mrs. A. Milligan has just arrived from N. Y. with every detail and the latest information—Enroll your name at once—the cost is a mere trifle compared to what you get—Terms \$2.00 in advance for six lessons of an hour and a half each and when you get through your dress is made. Don't wait until the hours are all taken. There's five lessons per day and only a limited number of pupils each lesson. Arrange your lessons of an hour and a half each to suit yourself.

IMPROVEMENT OF I. & M. CANAL DISCUSSED IN REPORT

Engineers Tell Gov. Dunne Plan Number Three is the Best—Provides for Improvements to Cost \$3,075,000.

The report of the engineers who accompanied Governor Dunne and the Illinois and Michigan canal commissioners and the trustees of the Chicago sanitary district on the tour of inspection of the Illinois and Michigan canal with a view of rehabilitating the canal so that with the Hennepin canal a waterway from Lake Michigan to the Mississippi river with a depth of seven feet, large enough for the passage of barges, would be the result, was yesterday submitted to Governor Dunne. The projects were under consideration, and the engineers report in favor No. 3.

Third Plan Described.
Project No. 3 involves the deepening of the Illinois river from La Salle to Starved Rock; the construction of a lock and dam in the Illinois river at Starved Rock; the construction of a connecting channel and lock between the Illinois river and the Illinois and Michigan canal at Walbridge creek, just below Marseilles; the construction of a crib dam in the Illinois river above Marseilles and a connecting channel and lock between the Illinois and Michigan canal and the Illinois river at this point; the construction of a connecting channel and lock between the Illinois river and the Illinois and Michigan canal at Dresden; the improvement of the Illinois and Michigan canal by deepening its bed and constructing new locks from Dresden to the southern terminus of the drainage canal at Joliet; and the construction of a new lock at the sanitary district power house at Lockport. This project utilizes the Illinois river as a waterway for forty-five miles of the total distance of sixty-five miles from Joliet to La Salle.

Estimated Cost.
The cost of the improvement of the Illinois and Michigan canal under project No. 3 is given by the engineers as follows:

Illinois and Michigan canal from Joliet to Dresden, \$509,480; locks and river connections at Marseilles, \$682,130; dam, lock, etc., at Starved Rock, \$1,583,000; new lock at sanitary district power house at Lockport, \$300,000. Total estimated cost, \$3,075,000. Of this amount \$317,000 would be chargeable to the Illinois and Michigan canal and \$2,258,000 to the Illinois waterway.

Another of the three projects contemplated the rehabilitation of the Illinois and Michigan canal from Joliet to La Salle at a cost of \$1,682,000 and the remaining one the

utilizing of the river twenty-two miles from La Salle to Marseilles and the Illinois and Michigan canal from Marseilles to Joliet at a cost of \$2,944,000.

The report was signed by Lyman E. Cooley, consulting engineer of the Chicago sanitary district; Edward J. Kelly, assistant chief engineer of the Chicago sanitary district; Walter A. Shaw, a member of the public utilities commission, and LeRoy K. Sherman, member of the Illinois rivers and lakes commission.

FARMERS CLUB COMMITTEE TO MEET

The committee recently appointed to formulate plans for the organization of a Morgan County Farmers club will meet at the court house today at 12:30 o'clock noon.

EDWARD MONTGOMERY IS CALLED BY DEATH

Passes Away After Many Months of Illness.—Was Carpenter and Contractor by Trade.

Edward Montgomery died Friday evening at 6:46 o'clock after an illness of several months. Several years ago Mr. Montgomery had the misfortune to fall from the third story of the Pacific hotel, while working on the building and it was thought for a long time that he would never get well. Since that time he had never enjoyed rugged health and for the past two years he had been an invalid. Mr. Montgomery was a man of gentle spirit and pleasant in all his dealings with people. He was conscientious in everything he did and was accounted a workman of ability. He had a great many friends who will learn of his death with much sorrow.

He was born in Jacksonville Feb. 10, 1861 and had practically spent his entire life in the city. He is survived by his mother, Mrs. James L. Montgomery, and the following brothers and sisters, Mrs. Isaiah Strawn, west of the city, where the deceased had made his home; Mrs. Edith Ingalls, Cuba, Mo.; Mrs. Samuel Henry, Woodson; Mrs. Benjamin Stanton, Chicago; James C., and H. C. Montgomery of Chicago and Robert L. Montgomery of Chicago.

The time of the funeral has not been announced. The family kindly asks friends to omit flowers.

VISITED SCOTT HOME CLOSE TO FRANKLIN.

Mr. and Mrs. C. R. Taylor spent Thursday at the home of Sylvanus Scott near Franklin and found all well with the exception of Mr. Scott, who has been indisposed for several days. Mr. Scott has just finished cutting his alfalfa the fourth time. He will get over five tons per acre for this season. He also had a fine crop of wheat, some of which made 45 bushels to the acre. He plowed the stubble as soon as he threshed his wheat and sowed 10 1-2 acres in alfalfa and it is up and one of the best stands in the country. Mr. Scott is accounted a splendid farmer and his home is known for its hospitality. He has several daughters who are well versed in culinary lines.

Charles Brannum and Robert Brannum request the Journal to state that they are in no wise connected with the Negro Democratic organization mentioned yesterday.

ILLINOIS TELEPHONE COMPANY WANTS TOLL FOR FRANKLIN LINE

Application Made to State Utility Commission for Authority to Charge Ten Cents for Messages—Company Says Free Service Interferes with General Public Service

The Chamber of Commerce has been notified that the Illinois Telephone company has made application to the State Utilities commission for authority to establish a toll charge of ten cents for talking between Jacksonville and Franklin. The hearing on the application is to be held next Tuesday, October 6th, so that patrons who use the line have little time for formulating a protest.

Under the present condition people in Jacksonville can talk to Franklin without a toll charge and the Franklin subscribers have the same privilege with reference to Jacksonville. The service has been in use so long and people have become so accustomed to it that there will be a protest go up from the public against any increase in rates.

Just what action the commission will take is problematical but the company will be required to show good cause for the necessity of an increased rate if authority is granted. A great many telephone cases have come before the commission, some brought by the companies and some by the people and the general impression is that the commission has given the companies to understand that a single system is best for anyone community.

In making application for authority to establish the Jacksonville-Franklin toll the company filed the following communication Sept. 21st. Public Utilities Commission, Springfield, Ill.

Gentlemen:—
"Some years ago when this Jacksonville exchange had few subscribers we gave them service to Franklin, Ill., gratis, but now with the increase of business and on account of the fact that non-subscribers take advantage of our free exchange service to Franklin and monopolize the line to a great extent preventing the general public who are willing to pay to transact business, from using the line, we respectfully ask permission from the commission to discontinue the free exchange service to Franklin and establish in its stead a toll of 10 cents per message to all."

"At present we have no means of telling whether subscribers or non-subscribers are using free service."

"Our Franklin line is so overcrowded with free service that the general public are not well served. The establishing of a toll for all will help our service and the general public as well."

60 CENTS ON THE DOLLAR.

Closing out Brecken & Jenkinson stock of clothing and furnishings—sale now on.

LAST GAME OF SEASON.
The Franklin baseball team expects to wind up the season Sunday when they play Palmyra on the Franklin grounds. Franklin has lost only 7 games this year, three to the Jacksonville Eagles, one to Divernon, one to Old Salem, one to Viriden and one to Petersburg. They defeated the Eagles three games, and Viriden 3 games and only lost one game on their home grounds. Hassler will pitch for Franklin and Padgett for Palmyra.

Nothing reserved in closing out sale of Brecken & Jenkinson stock of clothing and furnishings. No. 12 West Side Square.

SECOND SESSION OF SERIES.
"Is the European conflict the battle of Armageddon?" This question will be answered in the Sunday morning sermon by Pastor Stephens at the First Baptist church. The topic is "The Results of Christ's Second Coming."

It's a sure thing that Knoles can save you money on men's clothing and furnishings.

Miss Georgia Litter of Litterberry left Friday for Springfield to spend a few days with relatives.

NERVOUS DYSPESIA, GAS OR INDIGESTION

"Pape's Diapiesin" Settles Sour Upset Stomachs in Five Minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

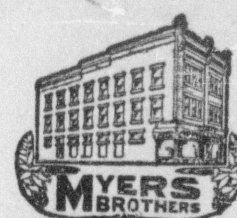

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is awaiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.
